SENSATIONS IN MURDER TRIAL

Mrs. Carmack Became Hysterical on Witness Stand.

STORY OF THE KILLING

Mrs. Eastman, Who Was With Senator Carmack When He Was Slain, Testified and Said She Denounced Colonel Cooper as a Brutal Murderer.

Nashville, Tenn., Feb. 17.—The first day of the actual trial of the Cooper Sharp case was filled with dramatic incidents. Whether Colonel Duncan B. Cooper, Robin J. Cooper and John Sharp killed former Senator Edward W. Carmack in self-defense or as a result of a conspiracy is the issue. Scarcely had the attorneys been rapped into order than sensation number one was produced.

Mrs. E. W. Carmack, the slain senator's widow, was half carried, half assisted into the room. She was gowned in deepest mourning. Her knees gave

way as she neared her seat and she was moaning as she was placed in her chair. Her little son, Ned, Jr., aged ten, stood by his mother, patting her shoulder and trying to keep back his tears.

Surprise number two came when the state called Mrs. Carmack as its first witness. She was almost carried to the witness stand, a raised platform, by her kinsman, Frank Lander, who succeeded her husband as editor of the Tennessean.

A few questions were asked her, but she became hysterical and was excused.

Sensation number three followed Mrs. Carmack's leaving the stand. Young Ned Carmack turned squarely towards where the defendants sat and fixed upon them a look full of hatred.

Story of the Killing.

Next came the testimony of Mrs. Charles H. Eastman, who was speaking with Senator Carmack when he was killed.

She told how she met Carmack and identified the exact spot. "Senator Carmack came swinging along," said she. "His eyes lighted up with a pleasant look and we both stopped. He raised his hat and was looking into my eyes in a listening attitude. I had begun a sentence, when from behind me came a voice, saying: Well, here you are. We have the drop on you now.' Mr. Carmack, with hat still raised, looked over my shoulder with a look of surprised inquiry. As he did so he ran his right hand back in his pocket and drew slowly a pistol. It seemed to catch. Then the voice began again behind me and it said: 'You cowardly scoundrel, hiding behind a woman's skirts, are you? Get out you, dastard.'

"When I saw the revolver I jumped to one side and turned. The revolver in the senator's hand was upside down. That is, he held it by the barrel.

"I thought I recognized Dr. White as the man with the revolver, and I screamed: 'My God, doctor, don't shoot; please don't.' I then recognized that it was Colonel Cooper. Then I sprang up against the fence and saw young Cooper, and heard two other shots fired so rapidly that I thought they were simultaneous.

Woman Denounced Colonel Cooper.

"Young Cooper was standing near me, his arm extended as though in the act of firing a pistol. Senator Carmack was lying in the gutter, in a pool of blood, and I turned and denounced Colonel Cooper."

"What did you say?"

"I said he was a brutal murderer; that he had taken advantage of my presence to kill a man without giving him the chance of a dog; that I'd rather be the dead man in the gutter than to be him."

OUR BORO FATHERS

Their Regular Semi Monthly Meeting The Business Before Them

The regular semi-monthly session of the borough council was held on Monday evening at 7:30 in the council chamber in the Public building on Howard street. President Judge was in the chair and the following members present: Kirk, Shuey, Wagner, Beezer, Musser, Keichline and Harper.

In the matter of the complaint of George Beezer in regard to the raising of the street in front of his livery stable, the Street Committee was ordered to consult with Beezer and look the matter over from all sides and report to next meeting of Council.

Mr. Harper moved that a vote of thanks be extended to the Pennsylvania Railroad Company for their generous action in carrying the Logan Fire Company to the Coburn fire. The vote was made unanimous.

Mr. Musser moved that the Pruner Orphanage be instructed to put a side walk along South Spring beside the Orphanage. The motion carried.

J. A. Atlee has been appointed by the Tyrone Council as one of the board of auditors of the Pruner Orphanage.

Thomas McCafferty's request that water pipes be laid from High street to his properties along the P. R. R., track was taken up, but owing to the fact that the Railroad company owns the roadway here, no action could be taken until an agreement could be entered into with the railroad company. It was therefore held over until next meeting.

The following bills were approved and orders drawn:

Narrow Escape of Train.

The Fall Brook passenger train leaving Williamsport at 7.10 a. m. on Wednesday had a narrow escape, near Waterville, from being wrecked by a great rock that plunged down on the track from a high ledge, says the Gazette and Bulletin. The train was only the distance of three telegraph poles beyond the spot of the fall when the rock crashed down.

The rock weighed five or six tons, the railroaders estimated, and formed a very effectual blockage of traffic. It was found necessary to drill holes in the rock and shatter it with dynamite in order to make its removal possible. In the meantime, the train due at Williamsport at 9.45 a. m. was held back and failed to arrive until 12.20 p. m.

Had the "up-train" not cleared the track at the point where the rock fell just in time to escape the crash, the result would undoubtedly have been disastrous. The exceedingly great weight of the rock would have been bound to damage the train in a way to occasion a bad pile-up.

Coat tail Saves Boy's Life

Plunging head downward into the mouth of an abandoned coal shaft at Sharon, George Williams aged 13, faced apparently certain death at the bottom of the black hole 50 feet below. A few feet from the mouth of the shaft a projecting point of rock caught his coat, arrested his fall and held him suspended in midair.

The lad was playing with several companions about the old shaft, on the outskirts of town, when he lost his balance and falling disappeared in the hole. For a moment the other boys were paralyzed with fright. Then hearing a scream of terror they cautiously crept to the edge of the opening, where they saw their playmate who dared not make the slightest motion lest the slender bit of cloth that meant death might break.

Men nearby were hurriedly notified of the boy's fearful plight. A rope was lowered. Young Williams grasped it and was drawn to safety. Ten minutes later he was playing tag again.

WITH BOMB HE DEMANDED $7000

Desperado Holds Up Man, Wife Son in Their Home.

CAPTURED BY A TRICK

Kansas City Merchant Tripped Intruder In Hallway and Overpowered Him — Confesses He Planned to Chain and Carry Away His Victim After Getting Money.

Kansas City, Feb. 17.—Armed with a revolver in one hand and a dynamite bomb in the other, a man giving the name of C. H. Garnett, about forty years old, entered the home of Lawrence M. Jones, president of the Jones Brothers' Dry Goods company, of this city, and demanded $7000.

The man appeared at the Jones home and asked for Mr. Jones. He was shown to the library. Mr. Jones, who was in another part of the house, upon entering the library was confronted by the intruder. He told Mr. Jones to be seated. He then drew from under his overcoat a dynamite bomb and explained that unless Mr. Jones have him $7000 he would immediately blow him into atoms.

In an endeavor to calm the man Mr. Jones talked with him over half an hour. Mrs. Jones, feeling apprehensive on account of her husband's long interview, entered the library at this point. The intruder ordered her to be seated. The conversation was resumed. Chester I. Jones, a son, followed his mother, and he, too, was ordered to be seated. Mr. Jones then suggested that as he did not have the necessary funds in the house the man accompany him to the bank. This was agreed to.

As the pair were passing through the lower hall Mr. Jones stepped suddenly back and, placing his foot in front of his visitor, hurled him to the floor. Mr. Jones and his son then overpowered the man and stripped him of his weapons and called the police. The bomb did not explode when the intruder fell.

Planned Chaining Victim.

At the police station the man said he planned after securing the money from Mr. Jones to take him to Independence, a suburb, where he would have chained him up in a house he had fitted up for the purpose. He said he had been planning the scheme for several months.

With his arms folded and his slouch hat pulled down over his eyes, Garnett stood surly and defiant in his cell. "Am I sorry for what I've done?" he said. "No, I'm not. The only thing I'm sorry for is that I did not kill myself before the officers got me.

"Three months ago I quit my job in Omaha and decided that as soon as my money ran out I'd kill myself. I came to Kansas City Jan. 28. About ten days ago, when my funds got low, I decided that the time had come to quit this world. I took the revolver I had bought in Omaha, and went out on a bridge that spans the Missouri. Just as I was about to kill myself the thought came to me that I still had one more chance—if I could only get a few thousand dollars. The thought then came to me to make an infernal machine.

Bought Dynamite.

"I went to a hardware store at Independence and purchased ten sticks of dynamite. I believed this would scare my victim. I had no intention of harming any one. I simply wanted money."

Police officers and newspaper men found the house described by Garnett. It was a small vacant frame house in Independence. The closet contained three padlocks and a number of long chains attached to the wall. Garnett planned to imprison Jones until he could escape with the money.

Parents Drunk; Babe Neglected.

Williamsport Sun: A shocking case was brought to light this morning, when John Morrison and wife, of Charles street, were arraigned before Alderman Batzel, on the charge of disorderly conduct and drunkeness. The testimony of the officers was to the effect that both were drunk and creating a disturbance in the vicinity of their home, while a babe less than three months' old lay in the house, crying with cold and hunger, neglected and unattended. Morrison was given a stone pile sentence of 30 days while the girl—for she is little else, was given two weeks in which to pay a nominal fine, was severely lectured by the alderman, and sent home to take care of her child. Morrison is apparently a man of 27 or 28 years, while his wife is scarcely out of her teens.

LINCOLN DAY IN BELLEFONTE.

Interesting Exercises Held in the Public Schools and Court House.

Those of our people who did not visit and see the exercises of the public schools on Friday in commemoration of the 100th anniversary of President Lincoln's birth missed a great treat. The lesson taught to the youngsters was one of great patriotism. The light of eye and the glow on the faces of the children as they took part in the various scenes enacted was a pleasure to look upon. Their patriotic songs and speeches will produce great good in the hereafter. Pupils and teachers alike are to be complimented in the excellent preparation they had made and the perfect manner in which the pupils performed their parts.

It will consume to much space to give instances of work well done. The exercises of the High school in the Court House in the afternoon were not only fine, but delighted a large and appreciative audience. The only objection is, that for the occasion they were rather short. The room was nicely decorated with flags and fine pictures of Mr. Lincoln. The pupils spoke without hesitation or hitch, showing the best of preparation. The program of the exercises as published in the News of last Wednesday were carried out to the letter.

The meeting of the citizens in the Court House in the evening was very large and the interest manifested was great. There was a splendid turn out of old soldiers and they greatly appreciated the kindly things said by the different speakers about the great President. Judge Orvis presided and made, upon taking the chair a short speech which greatly delighted the large audience.

After prayer by Dr. Schmidt and a song by the quartette, Rev. John Hewitt addressed the meeting on "Lincoln as an Example and Inspiration to the Young." This address was exceedingly fine and gave clearly the lines in Lincoln's life which are not only an example but should be an inspiration to every young person, especially the boys, to impell them to higher and nobler lines, we wish Mr. Hewitt would write out this address so it could be published that others, besides those who heard it, could enjoy it. Comrade W. B. Musser then gave an interesting talk on the times and places he saw Mr. Lincoln while the 45th Reg't. was with the Army of the Potomac stating the fact that Mr. Lincoln entered Petersburg at the same time their regiment did and then read a fine article on the "Greatest American."

Senator Heinle then delivered a very fine address, full of good points and suggestions.

This address was greatly appreciated and enthusiastically applauded.

The senator was followed by Col. H. S. Taylor in an address somewhat reminiscent of Mr. Lincoln's great speech, his work as president, and what was in this connection done by Governor Curtin to aid in the vigorous prosecution of the war. The Col. was frequently interrupted with applause which show his remarks were appreciated.

Judge Love who was on the program was absent by reason of professional engagement, as was also Hon. J. C. Meyer on account of engagements connected with his legislative duties.

The last address of the evening was by Col. D. F. Fortney and was a clear, clean cut address and bore evidence of being well prepared. It was as is usual with him, well delivered, and strong statement of the strength of Mr. Lincoln's personal character. He had taken as his subject the "Triumph of character" and well did he maintain his subject.

There were at intervals good songs finely rendered by a quartett composed of A. Lukenbach, L. A. Schaeffer, Russell Blair, and John Bullock. The singing was fine and added much to the pleasure of the evening. Miss Bessie Dorworth the most practical and useful young woman in town presided at the piano.

We understand an effort had been made to obtain a speaker from a distance and such men as LaRue Munson of Williamsport, Frank B. McClain of Lancaster and Thos. H. Murray had been invited to deliver an address but all pleaded previous engagements for other places. We thing it well they did not come. We always have home talent and lots of it, able to address such meetings and they do it just as well and are appreciated more than strangers.

—Mrs. John Blanchard underwent a serious operation at the Bellefonte hospital Monday afternoon. She is reported as having stood the operation well and is getting along as well as could be expected.

KNOX WILL ENTER CABINET

Taft Announces That Senator Has Accepted Post.

CONFERRED WITH PRESIDENT

The Heartiest Accord and Good Fellowship Exists Between the Incoming and Outgoing Presidents—Board of Engineers Unanimously Endorse the Present Procedure In Constructing Panama Canal.

Washington, Feb. 17.—In the opinion of President Elect Taft Philander C. Knox is now legally eligible to receive the appointment of secretary of state. That he will be the premier in the Taft cabinet was again positively stated by Mr. Taft at the White House, the statement being made after two conferences between the president elect and Mr. Knox.

Mr. Taft went further and gave it as his opinion that no court could entertain an action based on the constitutionality of Mr. Knox's coming appointment, for the reason that the first question that would arise in such a proceeding would be whether Mr. Knox was a "defacto" official of the government. This question, he maintained, would have to be answered in the affirmative, and there the proceeding would end.

That Mr. Knox shares these views was made evident by Mr. Taft in the unequivocal declaration that the Pennsylvania senator was to be his secretary of state.

With this question finally discussed and settled, with the unanimous report of the board of engineers endorsing the present procedure in constructing the Panama canal in the hands of President Roosevelt to be transmitted to congress with a message of endorsement by him, and with a demonstrative scene of cordiality towards him by President Roosevelt, Mr. Taft concluded a very busy day.

After his conference with the president Mr. Taft was surrounded by the newspaper men in the outer office, when President Roosevelt, dressed for his evening walk, came out. He stood for a moment unobserved, but with an expression of pleasurable enjoyment on his face as the questions were being hurled at the president elect.

"I would just like to see you take a few kinks out of him," he remarked to the correspondents, smiling, as he advanced and took hold of the lapel of the Taft coat. "This does me good."

Then, addressing Mr. Taft, the president inquired: "Am I going to see you tomorrow, Will?"

The jocular remarks of the president and his hearty cordiality in addressing Mr. Taft as "Will," left no doubt in the minds of the observers that to all appearances there exists the heartiest accord and good fellowship between the incoming and the outgoing presidents.

Mrs. Taft left for New York this morning and Mr. Taft took a train this afternoon for Cincinnati.

Pennsylvania Firm in State of Washington.

Spokane, Wash., Feb.—What is declared will be the first town of exclusive construction in the world is to be established at Metaline, Wash., in the heart of a lead mining district of the same name, 105 miles north of Spokane, by the Lehigh Valley Cement company of Pennsylvania, which has immense deposits nearby. The company has just acquired water rights with 10,000 horse power on Sullivan creek from Louis P. Larson of Spokane, for $150,000. The Idaho & Washington Northern Railway company is extending its line from Ione to Metaline, 60 miles, and the Panhandle Lumber company plans to establish a big sawmill. The cement company will erect a 2,000-barrel plant to cost 21,5000,000. Mr. Larson, who owns patented mining claims covering two miles square on the Cabinet range, will install a concentrator and develope his properties. Work on these projects will begin within 45 days. One thousand men are now at work on the railroad, which is to be completed to Metaline next summer. F. A. Blackwell is head of the railroad and lumber companies. Metaline was an active mining camp in the early '80s, one of the first claims being by "Barbarian" Brown, a newspaper man.

MRS. JANE C. ROTHROCK.

Passes Away at her Home on Valentine Street.

At 1 30 o'clock Friday morning, Mrs. Jane C. Rothrock, widow of the late David Rothrock, passed from time into eternity at her home on Valentine street. Mrs. Rothrock has been in failing health for the past year but was able to be up and around the house until last Saturday when she took her bed suffering from an attack of pneumonia. She gradually grew weaker until death ensued at the above stated time.

The deceased whose name was Jane C. Powell, was the daughter of T. W. Powell, a resident of Centre county where the deceased first saw the light of day 74 years ago last Monday.

In the spring of 1858 she was married to David Rothrock and that summer moved to Centre county where she has resided ever since. Her husband preceeded her to the grave about two years ago. For many years they farmed in Benner township but after Mr. Rothrock's death the widow bought her present home on Valentine street where she has since resided. She was a sincere christian lady and a member of the Methodist church for many years. She was a pleasant and agreeable lady and was loved and esteemed by all who knew her.

She is survived by the following children: Mrs. Kate R. Marshall, of Goodland, Kansas, H. C. of Boalsburg; Pa., William P., of Pittsburg; D. Eber, of DuBois; and Martha and Frank at home.

The funeral took place Monday morning at 9 o'clock from the residence. Rev. J. B. Stein officiated. Interment were made at Meyer's cemetery.

A SUDDEN DEATH.

Mrs. Thomas Rishel Passes Away at her Home in This Place.

On Saturday afternoon a quarter past five o'clock Sarah Catherine, wife of Thomas Rishel, died very suddenly at her home on North Thomas street. She had been in delicate health for several years but was up and about her household work as usual until a week ago when she was taken ill. She was however recovering from this attack apparently when on Saturday afternoon she was seized with a relapse and passed away at the above stated time.

The deceased, whose maiden name was Sarah Catherine Raymond, was the daughter of Thomas Raymond, deceased, and was born at Centre Hall Feb. 24, 1867, making her age at time of death 41 years, 11 months and 20 days. She was married to Thomas Rishel, section boss on the Bellefonte Central Railroad, who survives her with two children, namely, Edward Rishel, of Pittsburg, and Miss Iva, at home.

She also leaves three brothers and two sisters as follows: William, of Virginia; John of Bellefonte; George, of Lock Haven; Mrs. Maggie Free, of Avis, and Mrs. Annie Dullen, of Lock Haven.

In her earlier days she was a member of the Evangelical church but of late years attended the United Brethren church.

The funeral took place Tuesday afternoon at 2 P. M. from the United Brethren church. Rev. Barshinger officiate. Interment in the Union cemetery.

Academy Defeats Williamsport.

Friday night the Y. M. C. A. gym was crowded to its utmost capacity with a crowd anxious to see the Academy basket ball team win the first game of the series with their old time and dangerous rivals from the Williamsport High school. And they were not disappointed for the Academy boys walked away from the visitors by the score of 45 to 19. The first half was one of the most exciting and cleverest pieces of basket ball play ever seen in Bellefonte. Time and time again the score was tied, but the half ended with the Academy holding a fairly safe lead. After the intermission Williamsport worked hard to overtake the boys from the hill, but in vain for the longer they played the further ahead the Academy forged their way. The line up.

TWO KILLED IN MINE FIRE

Twenty-Two Mules Also Suffocated in Colliery.

THE BLAZE STILL RAGING

Dead Men Were Found as If In Prayer, With Hands Clasped and Propped Against Each Other—Three Injured Men Carried From Mine by Rescuers.

Wilkes-Barre, Pa., Feb. 13. — Two men are dead, three others are in a serious condition and twenty-two mules were killed as a result of a fire in the Black Diamond colliery of the Haddock Coal company, that is still burning and has already done much damage to the mine.

The fire started in the emergency hospital near the foot of the shaft and cut off the progress of the night shift men. All except five, however, got out. Rescuing parties came upon W. Hugh Fitzer, a mine boss; Walter McGuire, a fire boss, and John Markovitch, a timberman. They were lying face downward in a smoke-filled gangway and were unconscious. They were quickly carried out and are still under the care of physicians. They are expected to recover.

The bodies of Stanley Retko and Nicolas Unkatmas were found kneeling as if in prayer, with hands clasped and propped against each other. They had been suffocated by the smoke.

The mules, which were stabled close to where the fire started, were quickly suffocated, and their bodies will be taken from the mine as soon as possible. The fire spread rapidly, but is reported to be under control. The mine officials estimate that it will cost $20,000 to make repairs and replace the mules.

A LINCOLN DAY INCIDENT

Clock In Oklahoma Legislature Stopped on Hour Martyr Was Born.

Guthrie, Okla., Feb. 13.—A remarkable incident Friday startled the lower house of the Oklahoma legislature into adjournment after it had decided by vote to ignore observance of the Lincoln anniversary. Pointing to the large electric clock on the wall of the house chamber, Representative Jones near the noon hour said:

"I wish to call the attention of the members to one of the strangest coincidences ever seen. That clock, after counting the time without interruption ever since this body has been in session, has stopped at eleven o'clock. One hundred years ago Abraham Lincoln was born, as history runs, at the exact minute at which this clock has stopped. In stopping work, this clock is showing far greater respect to Lincoln's memory than is this body."

The house historians were agreed that Lincoln was born at ten o'clock a. m., and that the difference in time between his birthplace and Guthrie was one hour.

"UNWRITTEN LAW" FAILS

Rich Mississippi Planter Convicted of Murder Despite Plea.

Columbus, Miss., Feb. 13.—The jury in the case of C. R. Smith, charged with the murder of E. A. Laurent, at Artesia, Miss., several weeks ago, brought in a verdict of murder in the first degree.

Smith, who is a millionaire planter, alleged that Laurent had wronged his daughter, who is known in many cities of the south. She danced at the inauguration of Governor Vardaman, and at her father's home near Artesia she has entertained lavishly.

Miss Smith took the stand during the trial and absolutely denied her father's assertions that Laurent had wronged her, refusing to allow her name to be besmirched to save her parent.

SUFFRAGE LEADER SAILS

Mrs. Catt, President of International Alliance, Leaves Today For England.

New York, Feb. 13. — Mrs. Carrie Chapman Catt, president of the International Woman Suffrage alliance, sailed today for England on the Atlantic transport steamer Minnetonka.

Mrs. Catt is going abroad to assist in the preparations for the annual meeting of the allience, which is to take place in London during the last week in April. After spending a week in London she will make a lecture tour in Bohemia, Hungary, Germany and Austria, returning to London a month before the meeting of the alliance.

WORKING ON TENNIS RULES

United States National Association Meets In New York Tonight.

New York, Feb. 12.—Matters of interest and importance to players of lawn tennis are to be threshed out at the meeting of the United States National Lawn Tennis association, which will be held in this city tonight. Among the matters to come before the association are the proposed changes in the rules governing the game and the rules governing the challenge for the Dwight F. Davis international cup, now held by the Australians.

Action upon the disputed foot fault rule, the government of linesmen and umpires, the abolishment of the standing out for challenge on the part of champions and cupholders will also be taken by the association.

MAC SHERRY'S FIRST SCRAP

College Boxing Instructer Makes His Professional Debut Tonight.

New York, Feb. 12.—When Jim MacSherry, the local middleweight, steps into the ring of the National A. C. tonight to fight Sailor Burke for ten rounds he will be given a great ovation by students of Yale and Cornell, who will gather to see his first professional bout.

MacSherry was boxing instructor at Yale for three years and then went to Cornell in the same capacity. This will be his first appearance in a real battle, and his collegiate friends will root hard for him.

SCULPTOR DESTROYS OWN WORK IN CHURCH

Request to Make Slight Changes Angered Him.

Marietta, O., Feb. 12.—A case recalling and in a way parallel to that of G. Borglum, the famous sculptor, who destroyed sculpture that was the work of years just as he had finished it, because he was asked to make some alterations, has occurred here.

Oscar Mundhenk, of Cincinnati, had virtually completed a beautiful piece of sculpture typifying the ascension, only a few minor details remaining to be done.

Mundhenk, it is said, entered St Mary's Catholic church here and destroyed the work that his genius had created.

Father Woesman says that Mundhend had received almost all of the agreed price for the work, and that he was asked to make a few slight changes in the statue. A warrant for the arrest of Mundhenk, charging malicious destruction of property, was issued.

But Will Recommend Lowering of Gatun Dam.

THEIR REPORT NOT FINISHED

It Is Said It Will Be a Complete Approval of Present Plans and Methods on the Isthmus—Taft Guest of Negroes Today—No Cabinet Announcements Made.

New Orleans, Feb. 12.—The Colored Y. M. C. A. of this city, augmented by many of the leading colored citizens, tendered a reception today to President Elect Taft, who delivered a short address. Later Judge Taft and party went automobiling, and tonight he will be the guest of honor at an elaborate banquet.

With the return of Mr. Taft to the states, cabinet speculation became at once attractive. No information is to be given to the public, however, from the authoritative source. Mr. Taft said he should adhere to his previously announced plan of keeping silent and also keeping cabinet appointments open until the very last moment to provide against possible contingencies.

The inability of the board of civil engineers to complete their report on the resolutions regarding which their

Member of Board of Civil Engineers That Examined the Canal.

advice has been asked regarding the Panama canal, makes a visit to Washington necessary for Mr. Taft. The engineers will go at once to Washington to complete their work. It may be stated that their report will be a complete approval of present plans and methods on the isthmus. They will not only recommend the construction of the Gatun dam, but give it as their judgment that the dam will be perfectly safe if built to a height of 115 instead of 135 feet, thus saving expense in construction. Other features of their report will deal with the thickness of cement required for the walls and floors of the locks; devices for handling ships in the locks, and the approval of the $10,000,000 breakwaters at Colon, the construction of which will create a harbor out of the present open roadstead. The failure of the engineers to complete their report was said to be their desire for careful consideration regarding just the manner of stating their conclusions, rather than any disagreement regarding what those conclusions are.

TWO EGGS FOR STAMP

Rural Carrier Makes Profit of Several Hundred Per Cent.

Chestertown, Md., Feb. 12.—A free rural mail carrier from Chestertown postoffice, in making his trip, found in a mail box an unstamped letter with two fresh eggs to pay for a stamp.

Eggs are quoted in the neighborhood at 40 cents a dozen. The profit realized by the carrier was therefore several hundred per cent.

Sacramento, Cal., Feb. 12.—Senator Marc Anthony's bill submitting the question of Asiatic immigration to a vote of the people was defeated by a vote of 22 to 12.

DARWIN CENTENNIAL TODAY

Hundredth Birthday of Great Scientist Celebrated In New York.

New York, Feb. 12. — In honor of Charles Darwin, the famous English scientist, who was born on the same day as Abraham Lincoln, the scientists of New York assembled in the American Museum of Natural History today.

The program of the centennial included the presentation of a bust of Darwin to the museum and addresses

CHARLES DARWIN.

setting forth the relations of his work to various sciences. The bust was given to the museum by the New York Academy of Sciences, the president of the academy, Charles F. Cox, making the presentation address. Mr. Cox is one of the most eminent authorities in America on Darwinism. The bust was accepted by Professor Henry F. Osborn, president of the museum. Addresses were also made by Professor John J. Stevenson, Professor N. L. Brooks and Professor H. E. Bumpus. The celebration was directed by Professor E. O. Hovey, the famous geologist. In connection with today's program the museum opened to the public an exhibition of articles relating to the life and works or Darwin. Today's celebration marked the fiftieth anniversary of the publication of Darwin's great work on "The Origin of Species" as well as the centennial of his birth.

STEEL CO. TO BUILD $14,500,000 PLANT

Will Also Erect a New City Near Superior, Wis.

Superior, Wis., Feb. 12.—A new city like Gary, Ind., is to be built by the United States Steel corporation around a $14,500,000 plant to be erected this spring at a point on the St. Louis river within three miles of Superior. The blast furnaces are to be located on the Minnesota side of the river, but auxiliary plants are to be located on the Wisconsin side.

The steel corporation has purchased and cleared 1600 acres of land on the Wisconsin side. The sum of $14,500,000 has been set aside, plans have been drawn and the same construction crew which put in the steel plant at Gary has been ordered to Superior to begin work when spring opens.

TO WELCOME FLEET

Four Battleships Off to Meet Homecomers.

Washington, Feb. 12.—The four battleships composing the third squadron of the Atlantic fleet have sailed to join the battleship fleet in mid-Atlantic and will accompany the fleet into Hampton Roads.

The Idaho left Philadelphia and the Maine, New Hampshire and Mississippi sailed from Guantanamo. They will meet the fleet in latitude 35 and longtitude 55, which is about 1000 miles east of Hampton Roads.

HARD ON LOBBYISTS

Missouri State Senator Would Put Them In Uniforms.

Jefferson City, Mo., Feb. 12.—Senator Brogan, of St. Louis, introduced a bill requiring all legislative agents to wear uniforms, caps and badges, to be furnished by the secretary of state. The bill closes with an emergency clause because of many lobbyists now in the capital. The author of the bill claims the object is to identify all lobbyists without difficulty.

Smallpox Closes a College.

Liberty, Mo., Feb. 12.—William Jewell college is closed because of a serious outbreak of smallpox among its students, who number 600. Fifteen students are afflicted with the disease and the entire school dormitory is quarantined. Guards are stationed to keep students from leaving here for their homes.

Killed Brother Playing With Rifle.

Somerset, Pa., Feb. 12.—While playing with a rifle, Henry Sipe, aged five years, accidentally shot and instantly killed his brother Richard, aged four years.

Hunting Lodge Burned.

Wilkes-Barre, Pa., Feb. 12. — The Blooming Grove clubhouse at Blooming Grove, Pike county, one of the largest hunting and fishing lodges in the state, was destroyed by fire.

ANXIOUS TO SAVE LIBERIA

Administration Urges Appropriation For a Commission.

TO ATONE FOR SLAVE TRAFFIC

Earnest Efforts Being Made In Congress to Help Struggling Negroes on African Coast and Give the Nation Another Chance.

Washington, Feb. 12.—Earnest efforts are being made by the administration to procure an appropriation of $20,000 for the expenses of a commission to go to Liberia, Africa, to make recommendations as to what specific action by this government is desirable to render effective relief to that republic under its present critical circumstances.

The necessity for this has been set forth in a letter which President Roosevelt sent to congress three weeks ago transmitting a report from Secretary Root. Supplemental to this is a communication received by Representative Edwin Denby, of the foreign affairs committee, from Assistant Secretary of State O'Laughlin presenting additional reasons why the appropriation for the commission's work should be made.

To Atone For Slave Traffic.

This letter says that of the 40,000 or 50,000 Liberians, the majority are descendants of American negroes, and it is the duty of the United States at least to give the people an opportunity to continue to govern themselves, not only because of the great humanitarian principles involved, but because such action, in some slight degree "will be an atonement for the brutal and horrible practices inseparable from the slave trade, by which Americans at first benefited, and which this government subsequently took measures to suppress." Conditions in Liberia are thus set out:

"Consular reports speak of the magnificent agricultural possibilities of the country. Unfortunately, the means of communication are practically non existent, there being only five or six cart roads in the entire republic, and horses and mules do not live.

"The aborigines are not a troublesome people. They are kept in a state of peace and loyalty by gifts, etc., from the government, and produce absolutely nothing beyond their own food.

To Give Nation a Chance.

"For commercial purposes the whole of Liberia may be looked upon as a strip of coast land of varying width, as the penetration of rivers assists communication, but rarely exceeds thirty or forty miles. The Liberian people are generally very shiftless, very poor and constantly pressed in upon by their French and British neighbors. The country is absolutely undeveloped as to its rich hinterland. It would be unfortunate for American prestige if we were to fail at least to give once more some real assistance to the republic."

The state department is very anxious that the appropriation be made promptly, in order that the commission may reach Liberia before the rainy season starts in. The success of Liberia in self-government would, the letter argues, give hope and courage, while its failure would bring discouragement to the entire black race.

"If action be not taken, there is no doubt that Liberia will not be able to maintain itself much longer; and it would seem that the inhabitants ought to have at least another trial, with some direction from men developed in civilization before being extinguished as a nationality."

WIFE MURDERER GUILTY

Convicted In Second Degree For Burning Spouse.

Newark, N. J., Feb. 12.—The jury in the case of Michael Leo, charged with burning his sixteen-year-old bride to death, returned a verdict of second degree murder. The maximum penalty for Leo's crime is thirty years.

Mrs. Leo was fatally burned as she lay on a couch in her kitchen on March 19 last. Soon after her death, which Leo declared was an accident, he was arrested, and it developed that a short time before Leo had obtained $2500 insurance on the child-wife's life.

Pickpockets Sentenced to 14 Years.

Trenton, N. J., Feb. 12.—John Shevlin and Charles Rohrer, who were convicted in the Mercer county court on a charge of attempting to pick pockets, were each sentenced by Judge Reilstad to fourteen years in the state prison. The heavy sentence against the men is due to the fact that they have a wide reputation as pickpockets.

Fatal Accident In Shipyard.

Camden, N. J., Feb. 12.—One man was killed and two others badly injured by the falling of a barge which was being built at the yard of the New York Shipbuilding company. The men were working under the frame of the barge, when the keel blocks slipped and they were crushed. The dead man is James Sinowish.

The Weather.

Forecast for this section: Fair today; tomorrow, increasing cloudiness; light west winds, becoming variable.

JURORS IN TROUBLE.

Accepted Drinks and Cigars From Defendant, who was Acquitted.

Judge Cameron of Tioga county, on Monday at Wellsboro, administered a wholesome lesson to several men who failed to regard the scaredness of jury duty. He heard evidence in the matter of James L. Eagan and David Churchill who were jurors on first week in the case of Commonwealth vs. Morris Kramer, of Blossburg, charged with assault on Del Aylesworth, son of W. D. Aylesworth. At this time the jury returned a verdict of not guilty, prosecutor (Aylesworth) to pay cost. Attorneys for the prosecution were granted a rule on their request on the commonwealth to show cause why the verdict should not be set aside so far as the imposition of costs on W. D. Aylesworth, prosecutor, rule returnable February 8th. It developed from evidence in behalf of rule that during the trial of the case, the defendant, M. Kramer, had junior James Sagan, of Blossburg, and David Churchill, of Catham, one evening at the Wellsboro house. Evidence that Kramer took Churchill into the basement of the hotel and conversed with him and that he treated both Eagan and Churchill to cigars and drinks. It was claimed that after the verdict had been sealed and had not yet been returned to court Eagan communicated to divers persons what the verdict was. The court administered a stinging rebuke to the jurors and severely arranged them for their conduct. He made the rule absolute so far as the costs on Aylesworth were concerned on juror Eagan a fine of $10 was imposed for contempt of court and a rule granted on Churchill returnable first Monday of April; also on the defendant Kramer returnable same date to show cause why they should not be committed for contempt of court, and they were held in $300 bail to appear on that date.

More About the Furnaces.

In Wednesday's issue we made mention of the fact that the Nittany and Bellefonte Furnaces were to go under one management.

On Tuesday the stockholders of the Bellefonte Furnace held their annual meeting when the situation was thoroughly discussed. Col. C. M. Clements, of Sunbury who had been the efficient president of the company for a number of years, handed in his resignation as did Harry Keller, Esq., who was solicitor and a director. Mr. Keller's place was filled by Henry C. Quigley, Esq. After due consideration the stockholders were unanimous in their opinion that the only way both furnaces could be made more profitable in the future than in the past, would be to not consolidate them, but put them under one management with W. A. Moore at the head. The same officers and directors were chosen as at the meeting of the Nittany stockholders, so that there can be no friction in the management.

It is believed that the change will be a benefit to not only those financially interested but to this community in general. First, the furnaces are to be more economically operated as Mr. Moore is a practical man who has devoted much time and study since coming here as to how iron can be manufactured on a paying basis.

He has struck the plan and there is no doubt but that it will work out. Those who are associated with him in the management have a like interest in seeing the new arrangement a success. Another good feature under the new management will be the increased operations at Scotia where the company will mine ore not only for the two furnaces here, but they will open up a stronger market for it elsewhere. This means that as soon as the iron business gets back to where it was a year or more ago a large number of men will find employment. Another advantage will be to the Central Railroad of Pennsylvania whose tonage will be largely increased, as much of the raw material will be shipped to the furnaces and finished product taken from them. As before lake ore mixed with the native ore will be used in manufacturing iron which has gained such a wide-spread reputation for its superiority over most foundry iron, and the furnaces will be run to their fullest capacity when the occasion demands, which will be about 250 tons every twenty-four hours. It is to be hoped that everything will go along swimmingly.

Weigh Yourself Before Using.

Weigh yourself before commencing to use Samose, the great flesh forming food. The Wonderful sale on this preparation since first introduced in Bellefonte and the remarkable results following its use has made C. M. Parrish such enthusiastic believers in the great value of Samose that he give his personal guarantee to refund the money if Samose will not make thin people fat and restore strength and health to those who use it.

This is a strong guarantee, but C. M. Parrish has seen so many of his customers who a few weeks ago looked like walking skeletons become plump and well solely through the use of Samose that he feel he cannot say too much to induce people to try it.

This marvelous flesh-forming food is assimilated as soon as it is taken into the stomach, makes good rich blood, tones up the weakened system, helps to assimilate, and makes the user plump, well and rosy.

REMEMBER MAINE IN WASHINGTON

Capital Pays Honors to Battleship's Dead Today.

ANNIVERSARY OF DISASTER

Eleven Years Ago Today the Vessel Was Blown Up In Havana Harbor. Sigsbee Principal Speaker at Memorial Services—Pilgrimage Made by Patriotic Societies to Graves of Crew In Arlington Cemetery.

Washington, Feb. 15.—The national capital "remembered the Maine" on two occasions today and will pay further tribute this evening to the memory of the men of the battleship which sank in Havana harbor eleven years ago. Three separate celebrations of "Maine day" were planned by the Maine Memorial association. Many persons will participate in all three ceremonies.

The day was opened by mass at St. Patrick's cathedral in memory of the Roman Catholics who lost their lives in the disaster. Among the priests who officiated at the services was the Rev. Eugene Hannan, who is a personal friend of Father Chadwick, chaplain of the Maine, and represented him at the services.

This afternoon the members of the association, with members of the Spanish War veterans, the Army and

REAR ADMIRAL SIGSBEE.

Navy union and other patriotic organizations, made a pilgrimage to the "Maine section" of Arlington cemetery, where the recovered remains of the men of the Maine are buried. Many well known navy and army officers made the pilgrimage. Rear Admiral Charles D. Sigsbee, retired, who commanded the Maine when she sank, represented the navy, and General Andrew S. Burt, retired, represented the army.

Wreaths For the Maine's Dead.

The ceremony of placing floral tributes on the giant anchor of the Maine, which stands among the graves, was performed by ladies of the Maine association. The pieces included two wreaths from President Roosevelt, one from the National Woman's Relief corps, another from the Phil Sheridan Woman's Relief corps and others. There was a firing party of troopers of the Thirteenth United States cavalry, and a bugler closed the exercises with "taps."

The speakers for the meeting this evening in the First Presbyterian church will include Rear Admiral Sigsbee, Captain Richmond Pearson Hobson, General Andrew S. Burt, Colonel John McElroy, Rev. Father Eugene A. Hannan, Rev. Donald MacLeod, pastor of the church, and others. Dr. Thomas Calver will read an original poem on "The Men of the Maine."

LOW FARE FOR ELKS

Excursion Rates Announced For Convention at Los Angeles.

Los Angeles, Cal., Feb. 15.—Details of excursion rates to Los Angeles for the Elks convention this summer have been given out. The tickets will be on sale in the east from June 24 to July 10. Tickets will be good for the return trip until Oct. 31. The rates will be $62.50 from Chicago, $57.50 from St. Louis and $50 from Kansas City to Los Angeles and return. To return by way of Portland will be $15 extra.

Congressman Granger Dead.

Washington, Feb. 15.—Congressman Daniel L. D. Granger, of Providence, R. I., who represented the First district of Rhode Island in congress during the Fifty-eighth, Fifty-ninth and Sixtieth congresses, died here of heart failure. He was fifty-seven years old.

$5000 In Liquor Seized In Maine.

Portland, Me., Feb. 15.—Eight deputy sheriffs made a simultaneous raid on seven express companies and confiscated $5000 worth of liquor, the largest seizure ever made in this city or in the state.

Killed by Sister He Tried to Frighten.

Huntington, W. Va., Feb. 15.—Pretending to be a burglar in order to frighten his younger sister, Tony Blair started a commotion in their chicken coop, near Nolan. The little girl secured a shotgun and fired, killing him.

PLANS FIENDISH REVENCE

Discharged Man Gives Horse Apples Filled With Needles.

Bayonne, N. J., Feb. 15.—Alarmed at the evidently increasing pain of a horse for which he had recently paid $300, Lewis Scalfini, a truckman, summoned a veterinary surgeon, who removed several apples stuffed with needles from the horse's throat.

A warrant was issued for the arrest of Lewis Scalfini, a cousin of the owner of the house, and of the same name, who had formerly been employed by him as a stableman, and the police are seeking him.

The veterinary surgeon declared the agony of the horse must have been intense, and began another operation to remove, if possible, a deadly mass from the stomach.

SUICIDE WHEN SOLD OUT

Blows Himself to Atoms With Dynamite as Sheriff Comes.

Titusville, Pa., Feb. 15.—Charles F. Hull, a well-known farmer, residing near Grand Valley, Pa., committed suicide by blowing himself to atoms with dynamite. Hull was in financial difficulties, the sheriff having advertised the sale of his property. He left a note, saying: "On the day of the sale my troubles will be over."

ABDUCTED GIRL FOUND IN SICILY

Deserted and Penniless in Earthquake Stricken District.

Pittsburg, Feb. 15.—Through the intervention of Senator Knox the state department has taken up the case of Ernestine Moore, a Pittsburg girl, aged fifteen years, abducted from her home and deserted in Sicily, and has cabled Ambassador Lloyd Griscom at Rome to have her provided for until funds can reach her. The deserted girl is a daughter of J. H. Moore. She disappeared on Jan. 2, was traced to New York and thence to Gibraltar, in company with a Greek who had been living here. At Gibraltar all trace of her was lost until a letter was received stating that she had been deserted and was penniless in the earthquake stricken district at Augusta, Sicily.

FAST SCRAP TONIGHT

Tommy Langdon Meets Owen Moran In Philadelphia.

Philadelphia, Feb. 15. — Tommy Langdon, the lad who gave Jem Driscoll such a hard fight last week, will again be tested to the very limit when he faces another classy Englishman, Owen Moran, at the Washington Sporting club tonight.

Langdon knows that his friends will expect even more off him on this occasion owing to his fine showing against Driscoll, and since the match was made he has trained with commendable diligence.

Moran is said to be as good a man as Driscoll and by some he is thought to be even better, but he will have to display all that he possesses when he crosses arms with Langdon and a royal battle should result.

FELL INTO SCALDING WATER

Slips In Bathtub and Is Scalded and Nearly Drowned.

Minneapolis, Feb. 15.—Rendered unconscious by falling into a bathtub of scalding water, William C. Crawford came near drowning in a locked bathroom and his life was saved when he unwittingly pulled the plug from the bottom of the tub. Though he was saved from drowning, he was scalded, and is in a precarious condition.

Crawford slipped and fell, striking his head against the faucet. The blow stunned him and, powerless to grasp the sides of the tub, he fell in, face downward.

Pony Kills Owner; Chews Body.

Bristol, Tenn., Feb. 15. — Samuel Shipley, a veteran of the Civil War, and former resident of Bristol, was found dead in his stable, near Kingsport, Tenn., with a Mexican pony standing over his body. The animal, a family pet, had kicked its owner in the head, fracturing his skull, following which it knawed off one arm and an ear.

Storm Wrecks Church; Two Killed.

Learned, Miss., Feb. 15.—A storm struck this place from the northwest with terrific force, blowing down a negro church, killing a woman and one child and injuring eight or ten others. About seventy-five persons were in the building at the time. If it had not been for the arched ceiling they would all probably have been killed.

Falling Wall Kills Five Firemen.

Milwaukee, Feb. 15.—Five firemen were killed and about a dozen injured, two fatally, by the toppling over of a brick wall while fighting a fire in the big plant of the H. W. Johns Manville Manufacturing company. The pecuniary loss is estimated at $250,000, covered by insurance.

Centenarians Congratulate Each Other

Morgantown, W. Va., Feb. 15.—Mrs. Susannah Cobun, daughter of Abram Gusman, a soldier of the Revolutionary War, celebrated her 100th birthday. Among those who called to offer congratulations was Mrs. Lucinda Finnell, aged 101 years. Both are in full possession of all their faculties.

NIAGARA FALLS ICE BOUND

Only a Tiny Rivulet Flowing Over American Side.

ONLY THIRD TIME IN HISTORY

A Great Wall of Ice Runs From Goat Island to American Mainland—The Gorge Below the Falls Is Choked and the Whirlpool Is Barely In Motion.

Niagara Falls, N. Y., Feb. 15.—Only a tiny rivulet, not deep nor swift enough to carry a pulp log over the brink is flowing over the American side of Niagara Falls. A strong northeast wind, which has blown since Friday, has held back the water and allowed the ice to gain a foothold. Two employes of the American reservation walked from Prospect point nearly to Bath island. They desisted from completing the trip merely because they did not care to get their feet wet, a stream at one point being a few inches above the tops of their boots.

A great wall of ice runs from the head of Goat island to the American mainland, through which only tiny streams are able to trickle. This wall has even encroached on the Canadian channel, extending out some 200 feet beyond the third Sister island and greatly diminishing the flow over the Horseshoe. Only the very apex of the Canadian fall is left and that is robbed of half its flow. The gorge below is choked and the rapids have lost their fury, while the whirlpool is barely in motion.

This is only the third time that this combination of wind and ice has thus affected the falls since the white man came here. The other occasions were on March 29, 1848, and March 22, 1903.

TRESPASSING IS DANGEROUS

657 Killed and 791 Injured on Pennsylvania Railroad Last Year.

Philadelphia, Feb. 15.—A report issued by the Pennsylvania Railroad company shows that during the year 1908 657 trespassers were killed and 791 injured on the lines of the company. This is a decrease in the list of killed of 165, as compared with 1907.

In connection with this report the company says that this wholesale killing only "emphasizes the recommendations of the state railroad commissions of Pennsylvania and Indiana that laws be enacted providing substantial punishment for all trespassers."

MOTOR BOAT SHOW TONIGHT

All Sorts of Craft at Exhibition In New York.

New York, Feb. 15.—The best and latest in everything connected with motor boating will be seen at the motor boat show which opens its doors tonight in this city. Over 150 exhibitors have secured space, and these include practically all of the well known marine motor builders in the country in addition to boat builders.

The big international races to be held during the present year have given a marked stimulus to motor boat enthusiasm, and the show is expected to draw large crowds.

KILLED BY POISONED CANDY

"Peanut Sucker" Deadly to Little Pittsburg Girl.

Pittsburg, Feb. 15. — The "peanut sucker" has been termed deadly by Dr. J. F. Haggerty, who attended Catherine Lydon, aged seven years, during her fatal illness. The child died after a two days' illness, and the coroner is investigating.

At school the girl ate two "peanut suckers." She was taken ill, and Dr. Haggerty diagnosed her illness at ptomaine poisoning. An examination of the "suckers" in the store where Catherine had purchased showed all were impure.

Another Deep Water Project.

Washington, Feb. 15.—A deep water channel from Chicago to Buffalo via the "Soo" is the contemplation. In a few days a measure will be introduced in congress providing for the complete servey and, perhaps, for the construction of such a waterway. Behind the project are practically all of the shipping and manufacturing and laboring interests on the Great Lakes.

Oldest Man In the World Is 139.

Mexico City, Feb. 15.—Jose Gaudaloup, alcada of Jalostitlan, state of Jaliso, is said to be the oldest man in the world. The record of his birth in the archives of the parish church shows that he was born in 1770, which makes him 139 years old. He is in good physical condition.

Policeman Murdered.

Charleston, W. Va., Feb. 15.—The body of Policeman H. O. Stine was found on the outskirts of the city. Two ugly bruises about the head indicated that he had been murdered. Alfonso Price was arrested and held on suspicion. It is said that Price was jealous and had threatened to kill Stine.

The Weather.

Forecast for this section: Rain today, possibly turning to snow, and colder; tomorrow, fair and colder; variable winds.

TAFT GOES WEST TODAY

President Elect and Wife Are Going to Cincinnati.

New Orleans, Feb. 13. — President Elect and Mrs. Taft left for Cincinnati this morning. Monday afternoon the president elect will start for Washington.

The entertainment feature last night was a Creole banquet. Mr. Taft was toasted by the governor, the mayor, by citizens of prominence and speakers of reputation. A feeling invocation was pronounced by Cardinal Gibbons, who is in the city visiting his brother. Mr. Taft responded in the spirit of the occasion. He talked of his desire as the chief executive to represent the whole nation, of his intention to make the representatives of the administration in the south represent the best element of the communities in which they lived; of his recent visit to the isthmus of Panama, with a repetition of his hope for the completion of the canal within his administration.

TO MAKE KNOX ELIGIBLE

Taft Says Loss of Senator Would Be a Public Misfortune.

Washington, Feb. 13. — President Elect Taft has telegraphed to Senator Hale urging congress to remove all doubt of Senator Knox's eligibility to the office of secretary of state.

Mr. Taft says the loss of Mr. Knox from the cabinet premiership would be a public misfortune.

The telegram said:

"I sincerely hope that congress will pass a bill to remove any doubt of Knox's eligibility. I have no doubt that a bill to repeal the bill increasing the salary of the secretary of state will effect this purpose, and I sincerely hope that it will pass.

"I should regard the loss of Senator Knox from the first place in my cabinet as a public misfortune."

This telegram has worked a great change of sentiment in the house. Even members of the judiciary committee, who had believed the senate bill ineffective to remove Mr. Knox's ineligibility, say they will vote for it, since the president elect so desires.

CHARRED BODY FOUND IN WOODS

Dead Man Probably Committed Suicide By Burning.

Orange, N. J., Feb. 13.—The body of a man who, before taking his life, had saturated himself with kerosene and tried to burn his body, was found in a clump of bushes on the side of the Orange mountain, in West Orange.

His knees were drawn up, as though he had suffered. There were marks of blood on his face, and at first it was thought he might have been murdered, but this theory was later disproved.

A card in his pocket, partly charred, bore the name of Felix Mysstows, and the address 403 East Fifteenth street, New York.

The West Orange police have not traced the place where the oil was bought. A new can was found a few feet away from the body. Evidently the man had deliberately poured the oil upon his clothing and then set fire to it.

STRUCK BY HUGE ICICLE

Two Men Injured, One Fatally, by Falling Ice.

Youngstown, O., Feb. 13.—An icicle weighing between 200 and 300 pounds, which fell from the roof of the Haselton furnace, struck Raymond Reagan and Patrick McCann, a furnace employe. Reagan is thought to be fatally injured, his skull being fractured. McCann was injured about the back and shoulders. Both were taken to the hospital.

SOLD "BOB VEAL"

Alleged Offenders Held In $300 Bail For Trial.

Harrisburg, Pa., Feb. 13.—A report was received at State Veterinarian Pearson's office that Alinkoff & Hirskovitz have been arrested at Wilkes-Barre on the charge of selling "bob veal," and were held in $300 bail for trial at the next court. The prosecution was brought by Dr. H. R. Church, an agent for the state live stock sanitary board.

Wife Gets Year For Perjury In Divorce

Worcester, Mass., Feb. 13. — Mrs. Mary A. Balch, formerly of Alexandria, Va., returned to Worcester and was sentenced to a year in jail for perjury. When seeking a divorce here in May, 1906, certain things she testified to and had witnesses testify to were later proved by the husband, Burt A. Balch, now of Ludlaw, but formerly of Towson, Md., to be false.

Kills Child He Wooed.

San Francisco, Feb. 13. — Dorothy Mankanoff, ten years old, daughter of a Russian peasant, was shot and killed by Emetry Broughousen, a middle-aged laborer, who had been driven from the Mankanoff household because he persisted in paying attention to the child. Broughousen then shot himself and will die.

Mrs. E. S. McCook Killed by Auto.

New York, Feb. 13.—Mrs. E. S. McCook, of Englewood, N. J., believed to be a relative of General Anson S. McCook, was run over and killed by an automobile in this city.

The Perfect Corset for Large Women

It places over-developed women on the same basis as their slender sisters. It tapers off the bust, flattens the abdomen, and absolutely reduces the hips from 1 to 5 inches. Not a harness—not a cumbersome affair, no torturing straps, but the most scientific example of corsetry, boned in such a manner as to give the wearer absolute freedom of movement.

New W. B. Reduso No. 770. For large tall women. Made of white coutil. Hose supporters front and sides. Sizes 20 to 36. Price $3.00.

New W. B. Reduso No. 771. Is the same as No. 770, but is made of light weight white batiste. Hose supporters front and sides. Sizes 20 to 36. Price $3.00.

New W. B. Reduso No. 772. For large short women. The same as No. 770, except that the bust is somewhat lower all around. Made of white coutil, hose supporters front and sides. Sizes 20 to 36. Price $3.00.

New W. B. Reduso No. 773, is the same as No. 772, but is made of light weight white batiste. Hose supporters front and sides. Sizes 20 to 36. Price $3.00.

Reduso WAISTS $3.00

Ask any dealer anywhere to show you the new W. B. "hip-subduing" models, which will produce the correct figure for prevailing modes, or any of our numerous styles which are made in such a variety as to guarantee perfect fit for every type of figure.

EDITORIAL.

DILEMMA FOR ROOSEVELT haTERS.

One of the most singular phases in connection with the President's efforts to keep the Japanese question within the limits of treaty obligations, is the quandary in which it has put three of the leading and most extreme Rooseveltphobe newspapers. All three of them were long ago committed against the sandlots measures in California; but how to accord that position with their enmity to Roosevelt was their dilemma.

The New York World cut the Gordian knot in the most direct way. It paused in its principal thesis of representing the President as embarked in an effort to revive alien and sedition laws—for which the President has been injudicious enough to afford a little color—to frankly declare that while Roosevelt was wrong on the other things, his stand to prevent the California Legislature from getting up a broil was exactly right. The Springfield Republican, from which source there is a just expectation of honesty, could not conquer its enmity to that extent. Consequently is committed itself to the editorial declaration that President Roosevelt's rash and ill-judged interference had stirred up feeling and made matters worse, just in time to have that assertion followed by the complete success of Roosevelt's efforts.

But the New York Sun's condition suggests an inspiration from Matteawan. When that contemporary thinks of Roosevelt it sees red; when it considers the California agitators the vision is scarlet. What could a paper in that plight do other than to produce one-paragraph bubbling over with remarks about the "odious duplicity of the administration toward labor," and in the next paragraph wondering if a navy, as it is maintained in the Pacific "that friendly Power may be insulted and outraged at the pleasure of the Twentieth Century Dons headed by the mayor of San Francisco and the noble patriots of Nevada?" After which the Sun rises to this height of imagination:

It would seem to be the manlier and the more sensible part if we followed Canada's example and organized a Mounted Police for the enforcement of decency and for the reintegration of that respect which our National Government seems to have lost.

And, of course, if Roosevelt had been wild enough to advocate any such unconstitutional measure, the Sun would have exploded with denunciations over the tyrannical invasion of State rights and the trampling under foot of constitutional limitations.

At Harrisburg the Legislature has adjourned in honor of Lincoln. Occasionally the Legislature does an appropriate thing.

AGAIN Missouri would be shown. Having enacted a law for the registration of lobbyists, which went into effect recently, Senator Brogan has introduced an act to require them to be uniformed, wearing cap and badge to be furnished by the Secretary of State. And if they do not show Senator Brogan he is provided by nomenclature with the facilities for kicking them out.

PITTSBURG ALARMED.

Pittsburg's smart set is alarmed over the possibility of the passage by the legislature of a bill prohibiting persons who have been divorced from remarrying inside of five years. In Pittsburg society the divorce is regarded as the ultimate fate of every well regulated young woman, and from the altar to the divorce court is but a step, while the divorced couples have "affinities" on the waiting list to accept what is left of the heart and affections of the divorced. If the social leaders of the Smoky city had their way there would be a divorce coupon attached to every marriage certificate.

Why should the legislature, many members of which come from the rural districts where marriage is held sacred, seek to interfere with the pleasures of the social set in Pittsburg? The idea that a divorced couple should be forced to wait five years before perjuring themselves before the marriage altar by promising to love and cherish somebody else is preposterous in the opinion of the smart set of the second city in Pennsylvania, hence the proposition embraced in the bill now before the legislature requiring an interval of five years to elapse between a divorce and a remarriage in this state. But, really, this would be a most wholesome law.

LILIAN BELL continues to assert that women are not as bad as they are painted; but most people think that those who are painted at all must have the badness of their paint. Possibly the assertion might be modified to agree that they are as as good as they are unpainted.

THE Navy Department tells us that the cost of coal for the battleships was over $16,000,000 for two years. Is not that the amount for which an expert estimated that the plague of tuberculosis could be abolished from the city of New York.

DEAR, dear, how they all yield to the corrupting influences. Here is Senator Jeff Davis taken in riding in plutocratic automobiles. When Arkansaw learns of this there will be ructions.

COUNTERFEITING and politics in the Moundsville Penitentiary are indicative of the justice of at least some West Virginia sentences.

CALIFORNIA having settled down to accept peace could not Nevada confer the favor on the rest of the country of seceding?

THE Senate is said to be in favor of a sea-level canal at Panama. It must favor something on the level.

OTHER game law has made its appearance at Harrisburg. The game laws have been changed so often and contain so many ridiculous provisions that no one but a lawyer or a game warden can tell just what they do mean. The average citizen might as well let the game alone, anyhow. It is none too plentiful in this state.

THE latest freak measure introduced at Harrisburg would fine a man for buying drinks for another. It is impossible to determine whether this is presented in the interest of temperance or to protect the gent who objects to "setting 'em up" for a half dozen barroom loafers every time he feels the need of fiery stimulant.

ON March 4 Bryan will speak in Pittsburg, not in Washington. But he will be given a complimentary dinner.

THE shoes which Mr. Roosevelt will wear on his hunting trip are hob-nailed and heavy. And the whole time he is gone he may not have to jump on anybody.

A GIRL arrested in Chicago for giving a Salome dance has been ordered to perform before a jury in court. Chicago will show Nashville and San Francisco that it's not so hard to get men for jury service.

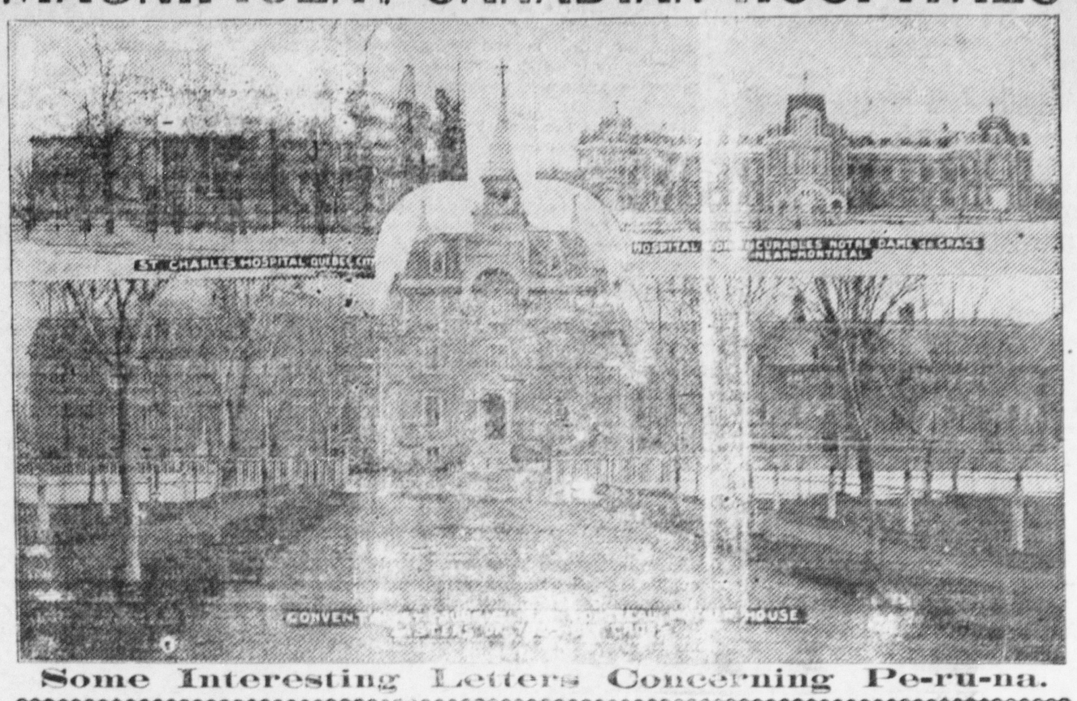
MAGNIFICENT CANADIAN HOSPITALS



Some Interesting Letters Concerning Pe-ru-na.

St. Charles Hospital, Quebec City.

One of our sisters, who commenced to take Peruna, has improved and will continue to take it. Some others are trying it also.

Very truly yours,
Sr. Ste. Marie,
Supre.

Hospital for Incurables Notre Dame de Grace, near Montreal.

Notre Dame de Grace Hospital for Incurables, having used Peruna for several months, recommends it highly as an excellent tonic, and it is with pleasure that we add our testimonial to the others.

CATARRH of the respiratory organs is a common ailment in Canada for at least two-thirds of the year.

This condition is no doubt caused by the long, severe winters experienced in this part of the continent.

Therefore, when Peruna was discovered by Canadian people to be a reliable remedy for these catarrhal diseases, it at once became a popular medicine, not only among individuals and in families, but in the great hospitals, where it was used as a preventive and relief in hundreds of cases.

These institutions do not hesitate to give their endorsement of the remedy which has been so helpful in the treatment of their poor and sick.

Among these institutions is that of the Sisters of Good Shepherd, who give the following endorsement:

The Peruna Company,
Columbus, Ohio.

Having used Peruna for the past few months, for our sick and poor, we are happy to say that it has given us great satisfaction.

The Sisters of the Good Shepherd,
August 20, 1903. *Montreal.*

After a continued use of the remedy, this institution has found no reason to change its good opinion of the remedy and expresses its satisfaction in the following terms:

Montreal, Nov. 7, 1903.

We found Peruna a relief in several cases.

We can say it is a good tonic and we are very thankful.

Sisters of the Good Shepherd.

When catarrh once fastens itself upon the system it becomes an obstinate disease to eradicate.

A systemic remedy—one that reaches every internal organ of the body—is an absolute necessity,

Peruna is just such a remedy. It searches out the cause of the disease, healing and strengthening the mucous membranes, and thus giving Nature an opportunity to perform her part of the restorative process.

One of the many hospitals which have found Peruna of value in treating old and obstinate cases of catarrh is the Hospital St. John, who write as follows:

"We are happy to tell you that your Peruna has given us satisfaction. Three patients have tried it, one 68 years old. Renoul Dupuis, afflicted with catarrh, is much relieved, more than he has been for a number of years.

"A young girl, 15 years old, had an obstinate cough, which half a bottle of Peruna caused to disappear.

"As to myself, two bottles have convinced me that Peruna is magnificent as a tonic.

"Before the treatment I could not walk for a quarter of an hour without experiencing much fatigue. Now I can walk a mile easily.

"Through these three cases we desire to make known to the public the efficiency of your remedy."

Hospital St. John, of St. Johns.
Province of Quebec.

A later letter received from the same institution reads as follows:

"Three weeks ago I wrote to tell you how satisfactory we found Peruna. We recommend it highly for colds, coughs, catarrh and neuralgia.

"I have used it myself as a tonic with the best results, taken as directed, half a teaspoonful every half hour."

Peruna not only promptly relieves coughs and colds in their first stages, but is equally prompt and efficient for catarrhal diseases in the chronic stage. It is only reasonable to suppose that less medicine will be necessary to cure a slight attack than after it has been allowed to become chronic.

Peruna is manufactured by The Peruna Drug Mfg. Co., Columbus, Ohio.

The Modesty of Women

Naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed *free* on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days *insist* on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of KNOWN COMPOSITION. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

Academy Minstrels.

James R. Hughes wishes to announce to the public that the minstrel program as originally planned and prepared, with one exception, will be presented on Tuesday evening Feb. 23, in Garman's opera house in truly professional musical talent which he has employed, guarantees such splendid support to the chorus of forty voices as will make the Academy minstrel performance for the season of 1909 the best ever given in Bellefonte. The stunts provided for the olio and after farce are of such a character as will please the most fastidious. The boys are now on their metle and are making their final rehearsals count. You will regret it if you fail to attend their show. While it is regrettable that Mr. Daggett cannot assist this year, Mr. Hughes is arranging to supply the monologue part of the program in a most satisfactory way.

Rheumatism

Do you want to get rid of it? If so, take Dr. Miles Nervine modified as directed in pamphlet around bottle. In addition to the direct curative properties it has a soothing effect upon the nervous system by which the rheumatic pains are controlled, and rest and sleep assured. It has made many cures of this painful disease, some of them after years of suffering. If it will cure others why not you. If your case is complicated, write us for advice, it costs you nothing and may save you prolonged suffering.

"I was so crippled that I could scarcely walk. After having my shoes on for an hour or two I could manage to walk by suffering the pain. Then I began to have pains all through my system. My doctor told me I had an acute attack of inflammatory rheumatism. I read about Dr. Miles' Nervine, bought a bottle and I commenced to get better from the start and for the past six months have scarcely any pain, and am able to walk as well as ever."

JAS. H. SANDERS,
P. O. Box 5, Rockaway, N. J.

Your druggist sells Dr. Miles' Nervine, and we authorize him to return price of first bottle (only) if it fails to benefit you.

Howard.

Dr. Walter J. Kurtz recently purchased an automobile from Dr. John Sebring, of Bellefonte, and since becoming the owner of the machine the doctor has had added troubles. A few days after becoming its possessor the doctor started out on a professional trip and when about half a mile from home it balked and refused to travel any way but backwards. Consequently it was backed home and some repairs were necessary. Last Thursday he again started out with his gasoline buggy and made a trip to Marsh Creek. Everything went well until the return trip, when about 3½ miles from home something went wrong. An investigation disclosed the fact that the supply of gasoline was exhausted. The nearest telephone was at Robb's store about a mile and a half distant. To this place the doctor went and telephoned to his hostler to bring a supply of the necessary fuel. To add to the delay the gasoline can at home was empty and there was quite a hustle and bustle until all things were adjusted. Meanwhile the doctor's morals are holding out well and he can already manage the machine himself.

Editor Dunham showed considerable enterprise in illustrating last week's edition of the Hustler with cuts of the Republican candidates for the borough offices.

Wm. Shay has displayed quite a bit of inventive genius in the production of a useful household combination in the form of a clothes rack and cot. It is very simple in construction and with very little adjusting can be changed from one article to the other. The invention is now in the hands of a patent attorney and if there is nothing of the kind on record he will doubtless be granted a patent on his invention. Even before applying for a patent he received a flattering offer for the right.

On Wednesday evening of last week the pupils of the intermediate school stormed the home of Mr. and Mrs. C. H. Pletcher and gave their teacher, Miss Susie Pletcher, a very agreeable surprise. The evening was very pleasantly spent by indulging in games and innocent pastimes. Refreshments were provided by the pupils and at a reasonable hour they departed for their homes.

Spelling school was held at the Fairview school house last Wednesday evening and was attended by some of the young folks of town.

The date for the dedication of the new Reformed church has been set for Sunday March 7. Rev. Crowe will be assisted by other able ministers on this occasion.

Next Sunday evening Rev. W. H. Patterson, pastor of the Christian church, will preach a sermon on Washington. All are cordially invited to attend this service.

The sale of the household goods of the late Orpha Pletcher took place at the old homestead west of Howard Saturday afternoon. The sale was well attended and the articles sold brought fair prices.

The rumors regarding the starting of our several industries are daily gaining strength. It is now reported that the brick works will resume as early as conditions will permit. It is hoped that every idle wheel in and about Howard may be in motion when spring opens.

The past week has been another active one in social life and we mention briefly as many of the social events as came to our notice,

On Wednesday evening a tally-ho load of Eagleville folks were entertained at the home of Mr. and Mrs. Hayes Schenck. Music was furnished by the Howard orchestra and other diversions made the hours pass all too quickly for the merry company.

On Thursday evening a number of friends of Mrs. Charles McMurtrie, landlady of the Hotel Howard, gave her a surprise. The evening passed pleasantly as the young folks indulged in games and other amusements and listened to the music furnished by the Howard orchestra.

On Friday evening Miss Mabel Loder entertained a load of young folks from Eagleville at the home of her parents. The evening proved a very pleasant one and all enjoyed themselves heartily.

The same evening a party of young folks from Hunter Run drove to the Tice home west of town where they spent a pleasant evening with Mr. and Mrs. Ellery Tice, who were recently married, the bride being from Hunter Run.

A stag load from Beech Creek drove to Howard Friday evening in DeHass' tally-ho and enjoyed the hospitality of the town during the evening.

On Saturday evening Miss Grace Schenck gave a valentine social at her home on Main street. About forty young people were present to celebrate the annual recurrence of the saint's day. One of the leading features of the evening was the selection of valentines by the boys.

A meeting of the directors and stockholders of the Howard Canning company was held Saturday afternoon to discuss plans for the coming season and to induce the growing of more products for the use of the factory.

Herbert, the youngest son of Mr. and Mrs. Wm. Holt, who reside several miles north of town, died Sunday forenoon from complications resulting from measles. The child was aged about 18 months and had been ill for some time. The funeral was held Tuesday afternoon, services being conducted by Rev. W. W. Rhoads. Interment in the Schenck cemetery.

Morris a son of Bower Schenck, is ill at present with indigestion. His condition was much improved last week but on Sunday he was taken worse, although his illness is not considered dangerous

Capt. S. H. Bennison was taken ill while down town last Friday evening and has since been confined to his bed. His condition however is much improved and he may be about again in a few days.

Mack and Morris Shay, sons of Samuel Shay are ill with pneumonia.

Harry Wilson of Lock Haven visited his parents Mr. and Mrs. W. J. Wilson last week. The elder Mr. Wilson had been out of commission physically for some time but is now greatly improved.

The many friends of J. R. Pheasant, who resides at Mt. Eagle station, are glad to learn that he is rapidly recovering from a recent attack of lagrippe.

Mr. and Mrs. Thomas Bowes and Frederick Robb attended the funeral of Herman Robbin Bellefonte on Saturday.

J. A. Schenck returned Saturday from Philadelphia where he had been attending the Hardware Men's convention as a delegate from Centre county.

On Monday Willard McDowell, who has been confined to his bed for the past several months with rheumatism and in an entirely helpless condition, was able to sit in a roller chair to take his meals. It is hoped that he may speedily recover from his serious affliction and again be able to be out.

A number of children held a box social at the home of Mrs. E. C. Dietz Friday evening, the proceeds of which they contributed to the new Reformed church.

The exercises in the public schools last Friday commemorative of the birth of Lincoln proved quite interesting and appropriate. Elaborate preparations were made in the high school and it is to be regretted that the attendance on the part of the citizens was so small, and here it might be said that those who continually criticize the schools should go occasionally and see what is being done. The room was tastefully decorated with flags and bunting. Patriotic songs were sung and all the exercises were in relation to the life of the great man. In a very heated debated on the question, "Resolved, that Lincoln is deserving of greater honor than Washington," the affirmitive side won out.

A. A. Pletcher has improved somewhat since our last report.

Millheim.

Attorney W. D. Zerby of Bellefonte was here on local business last week.

The proprietor of the National put in his bar room a new and up-to-date refrigarator and an air beer pump.

J. D. Townsend of Williamsport a lumber Inspector was in town last week.

H. W. Smith and P. Fishburn, employees of the Commercial Telephone Co. were in town and vicinity looking after interest of said company.

A. C. Risley of New Milford was in town for a few days.

George Miller of Woodward an old veteran was in town last Friday.

Last Friday afternoon the anniversary of Abraham Lincoln's birth was properly observed by a public meeting held in the M. E. Church. The church was crowded to its utmost capacity. The public schools, G. A. R., K. G. E., and Sons of veterans participated. The Aaronsburg Cornet Band furnished the music. Rev. Bixter of the Lutheran church of Rebersburg, and Rev. Donat of the Reformed church of Aaronsburg were the speakers.

Fred Harter met with an accident while at work at State College, he is home now with his parents.

James H. Potter and Frank Crawford of Bellefonte were in this section last week and bought a fine team of work horses.

M. C. Williams of Port Matilda transacted business here one day last week.

County Commissioner H. E. Zimmerman was in this section distributing election papers to the different voting precincts.

Charlie Bradford of Lamar is in this locality.

John Burns of Shamokin, a former resident of this borough was in town recently.

Milton Kerns of Bellefonte visited his mother on Monday, she has been sick for some weeks.

B. F. Hackenburg, candy salesman was in town Monday and Tuesday.

C. L. Grim of Madisonburg was in town Monday.

An infant child of Simon Springer was buried last Friday.

D. J. Barnitz and Jacob Rover of Mifflinburg and D. O. Kerstetter of Philadelphia were in town on Monday.

J. W. See and wife, Grecian Glass Blowers are giving entertainments this entire week. In connection with the glass blowing a stage show is given every evening, consisting of slight of hand, ventriloquism, mind reading, Punch and Judy, moving pictures etc. They come highly recommended and give a good show. The fastidious will have no kick.

Suggestive Questions on the Sunday School Lesson by Rev. Dr. Linscott for the International Newspaper Bible Study Club.

Feb. 21st. 1909.

Stephen the First Christian Martyr. —Acts vi:1 to viii:2.

Golden Text—They stoned Stephen calling upon God, and saying, Lord Jesus, receive my spirit. Acts vii:59,

Study Acts vi 8-15; vii.54 to vii 3.

Verse 8.—Who was Stephen?

In view of present day distinctions, would you call Stephen a layman or a clergyman?

Why is it not a crime against the gospel, that the preaching of the gospel is so professionalized, that our pulpits today in the towns and cities, are practically closed to the laymen of the church, so that even men like Stephen, have to "keep silent" in our church pulpits? (This question is to be answered in writing by members of the club)

What was the secret of Stephen's power as a preacher, and to what extent may every layman become like him?

Verse 9.—When in a community of thoughtful men, who oppose the gospel; can its claims be established better by debate than by ordinary preaching or declamation?

Verse 10.—If you defeat an opposer in a debate, that is not likely to convert him to Christianity; unless he is a sincere seeker after truth, but is it likely to convert the hearers?

Verses 11-13 —What effect did Stephen's victory have upon his opponents, and what effect did it probably have upon the audience?

Is there any necessary moral value in mere opinion, and will men ever be condemned because of wrong doctrines: i. e. wrong opinions?

When a man with right views of truth, gets angry at the man with wrong views, and does mean things to him, that the latter takes with gentleness; which is likely to be the better man of the two?

Why is it that men who profess religion, can act so like devils, when new truth is presented to them as in this case?

Verse 14.—Can a man's word in a religious dispute, be depended upon, on a matter of fact, if he is untrue to his conscience and to God?

How is it that unrighteous men will fight for their false religious creeds, and shrink from no sort of rascality to accomplish their purpose?

Can you give any other reason than their unrighteousness, or assign to any other principle, the hatred of these men for so lovely a character as Stephen?

Verse 15.—Did the fact that Stephen looked like an angel, make his persecutors love him, or hate him, more?

Chap. 7., Verse 54.—What is it which cuts wrong doers to the heart more than anything else?

If these rulers had been innocent of the charge Stephen brought against them, would they have been cut to the heart as they were?

Verse 55.—What do you understand by Stephen being full of the Holy Spirit?

What did Stephen see when he looked up into heaven?

Would the onlookers have probably seen the same things, as Stephen, if they had looked up?

Verse 56-57.—Did they believe Stephen's testimony as to what he saw?

Do cold professors of religion as a rule, have any confidence in the experiences of those who walk and talk with God?

Verse 58.—How would these people justify themselves, for committing this great crime?

What was the method of stoning a victim to death?

Verses 59 66.—Does the spirit sleep at death, or go into a state of conscious presence with God?

By what power can a man love or forgive his murderers?

Chap. 8 Verses 1-3—What was the measure of Saul's sin in the stoning of Stephen?

What were the chief results of the stoning of Stephen?

One night recently a young man came to Wingate and slowly wended his way to our town to see his best girl. As the night was dark and stormy and very muddy, he did not take leave until a late hour. Being in a very sleepy mood, he was unconscious as to how dark the night was until he ran up against something which he supposed was his antagonist. Being somewhat frightened our brave hero began choking his victim until the "stars shone." By this time our friend awoke and realized to his utter surprise that what he dreamed to be man was nothing but a telephone pole. Now Dick do not let this happen again as our telephone line is very easily gotten out of order.

We heard a man say the other morning that the abbreviation for February—Feb—means Freeze every body, and that man looked frozen in his ulster. It was apparent that he needed the kind of warmth that stays, the warmth that reaches from head to foot, all over the body. We could have told him from personal knowledge that Hood's Sarsaparilla gives permanent warmth, it invigorates the blood and speeds it along through artery and vein, and really fits men and women, boys and girls, to enjoy cold weather and resist the attacks of disease. It gives the right kind of warmth, stimulates and strengthens at the same time, and all its benefits are lasting. There may be a suggestion in this for you.

A childless home is a cheerless home. The maternal instinct exists in every woman, and when it is ungratified she is deprived or much of the happiness of life. It often happens that childlessness is due to some cause which can be removed, and often is removed by the use of Dr. Pierce's Favorite Prescription. The vigor and vitality which this remedy imparts to the delicate womanly organs, puts them in a condition of normal health, the lack of which is often the sole obstruction to maternity. Every woman should read Dr. Pierce's Common Sense Medical Adviser, a book containing 1008 pages and 700 illustrations. It is sent entirely free on receipt of stamps to pay expense of mailing only. Send 21 one cent stamps for the paper bound volume or 31 stamps for cloth covered Address Dr. R. V. Pierce, 663 Main Street Buffalo, N. Y.

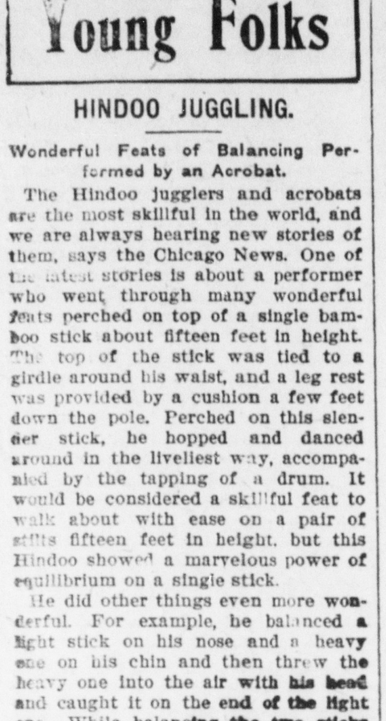
HINDOO JUGGLING.

Wonderful Feats of Balancing Performed by an Acrobat.

The Hindoo jugglers and acrobats are the most skillful in the world, and we are always hearing new stories of them, says the Chicago News. One of the latest stories is about a performer who went through many wonderful feats perched on top of a single bamboo stick about fifteen feet in height. The top of the stick was tied to a girdle around his waist, and a leg rest was provided by a cushion a few feet down the pole. Perched on this slender stick, he hopped and danced around in the liveliest way, accompanied by the tapping of a drum. It would be considered a skillful feat to walk about with ease on a pair of stilts fifteen feet in height, but this Hindoo showed a marvelous power of equilibrium on a single stick.

He did other things even more wonderful. For example, he balanced a light stick on his nose and a heavy one on his chin and then threw the heavy one into the air with his head and caught it on the end of the light one. While balancing the two sticks thus, end on end, he made one revolve in one direction and the other in another direction. Another feat was to place his hand on a flat circular stone, throw his feet up into the air and balance a stick on each of them, at the same time revolving rapidly on the pivot made by his arm and the stone.

Who's Who.



—Youth's Companion.

Writing Games.

When you are tired of romping play "story teller." All agree upon a title to the story. Each writes a few lines, turns down and passes it to his neighbor, telling him the last word. So on it goes around the circle, when the last one reads the story.

Have you ever tried this? Each takes a letter, beginning with the first letter of the alphabet, and writes a line in any meter chosen, all the words of which must begin with that letter (A). The papers are pressed, and the next in turn writes a line, beginning every word with "B" to rhyme. Every two lines should rhyme, and the game kept up as long as possible.

The critic is played thus: Each writes the name of a book, turns down the slip and passes it to his neighbor, who writes a second title; then the author's name is written and then a review.

Meaning of Fabian Policy.

A Fabian policy in war consists in wearing out the enemy by delays, misleading movements, feints of attack, etc. It is called Fabian because it is the policy that was adopted by Fabius Maximus, who commanded the Roman army in the second Punic war. He was appointed to the command just after the army had suffered a defeat, and he knew that in its disheartened condition and with its complement of raw recruits it could not successfully oppose troops flushed with victory and led by their great commander, Hannibal. He therefore attempted to tire out the enemy by countermarches, ambuscades and skirmishes, avoiding a pitched battle. This he continued until the Roman senate interfered.

Two Bird Problems.

There were sixty-seven blackbirds sitting in an oak tree. Willie shot into the flock with his new shotgun, killing nineteen. How many were there left? (None, because the rest flew away.)

On another occasion there were also sixty-seven blackbirds in a tree (but this tree was a maple), and nineteen flew away before Willie could get his gun. How many left? (Nineteen "left" at first, and the rest left when Willie came with his gun and shot at them.)

Emblem of Turkey.

When Philip of Macedon approached by night with his troops to scale the walls of Byzantium the moon, then new or in crescent, shone out and discovered his design to the besieged, who repulsed him. The crescent was after that adopted as the favorite badge of the city. When the Turks took Byzantium they found the crescent in every public place and, believing it to possess some magical power, adopted it themselves.

Your Neighbors Can Tell You

No doubt, if you yourself don't know, of many marvelous cures of Stomach, Liver, Blood and Skin affections that have been made by the use of Dr. Pierce's Golden Medical Discovery, for it has a most successful record of over *40 years.*

These CURES embrace also many bad cases of Weak Lungs, lingering Coughs, Bronchial, Throat and Lung affections, some of which, no doubt, would have run into Consumption, had they been neglected or badly treated. We don't mean to say that the "Golden Medical Discovery" will cure Consumption when fully seated, but it will strengthen weak lungs, improve digestion, and make pure, rich, red blood thereby overcoming and casting out disease-producing bacteria and giving robust, vigorous health.

Cloudburst Buries Family Under Ruins

Pasadena, Cal., Feb. 13.—Following a cloudburst in Rubio Canon, above Pasadena, the terrific flood of water came down the narrow canon, overturning the Rubio pavilion into the ravine and burying Fred T. Drew, agent of the Pacific Electric railroad, and his wife and four children in the ruins. Drew was rescued, severely injured, and three children were taken from the ruins slightly hurt. Mrs. Drew and the other child are still in the ruins. The structure was the terminus of the Pacific electric line at the base of Mount Lowe.

Charged With Theft of Society Funds.

Oil City, Pa., Feb. 13.—Dr. D. L. Buffington, a prominent physician of Johnstown, was arrested at Sheffield by Johnstown officers. Buffington is charged with embezzling funds aggregating $2000 belonging to Woodmen of the World and Patriotic Sons of America at that place. When found he was working as a laborer in a lumber camp.

Wife Murderer Gets Life Sentence.

Union, S. C., Feb. 13.—W. T. Jones, who last Saturday was found guilty of the murder of his wife, with recommendation to mercy, was refused a new trial by Judge Memminger. The court sentenced Jones to life imprisonment in the state penitentiary, telling him he would suggest his taking the term, for if tried again he believed it would mean his hanging.

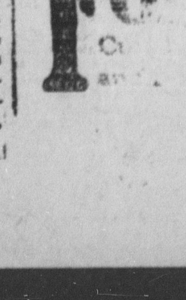
Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.



Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. The Record in Bellefonte is a Unique One.

If the reader has a "bad back" or any kidney ill and is looking for relief and cure, better depend on the only remedy endorsed by people you know. Doan's Kidney Pills relieve quickly—cure permanently. Bellefonté citizens testify to this. Here is a case of it:

Mrs. Emma J. Davis of E. Logan St. Bellefonte, Pa. says; I have a great deal of confidence in Doan's Kidney Pills, and have already recommended them in a published testimonial in 1897. I told how I had been relieved of kidney complaint and backache which had kept me suffering for years. Doan's Kidney Pills did this for me when other remedies had failed. Whenever I feel any symptom of my old trouble I send to F. Potts Green's drug store for a supply of Doan's Kidney Pills and it never requires more than a few doses to get me right."

If your Stomach, Heart, or Kidneys are weak, try at least, a few doses only of Dr. Shoop's Restorative, In five or ten days only, the result will surprise you. A few cents will cover the cost. And here is why help comes so quickly. Dr. Shoop doesn't drug the Stomach, nor stimulate the Heart or Kidneys. Dr. Shoop's Restorative goes directly to the weak and failing nerves. Each organ has its own controlling nerve. When these nerves fail, the depending organs must of necessity falter. This plain yet vital truth, clearly tells why Dr. Shoop's Restorative is so universally successful. Its success is leading druggists everywhere to go it universal preference. A test will surely tell Sold by J. Zeller & Son.

Croup positively stopped in 20 minutes, with Dr. Shoop's Croup Remedy. One test alone will surely prove this truth. No vomiting, no distress. A safe and pleasing syrup—50c. Sold by J. Zeller & Son.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.
If it's painful periods with women, same cause.
If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

BRYAN NEVER TO RUN AGAIN

Close Friend Says Nebraskan is Bitter Over Defeat.

STILL CLINGS TO LEADERSHIP

Is Determined That Democratic Nominee In 1912 Shall Be One Who Was Loyal to Him Last November—His Income $60,000 to $80,000 a Year.

New York, Feb. 15.—"I have not seen any account of the way Bryan takes his defeat, his present position, his view of the election and the ideas his friends have of his future," said a personal friend of William J. Bryan, one who took a very active part in last year's Democratic national campaign.

"Mr. Bryan," said his friend, "will not be a candidate for the presidential nomination again, but he is determined that the Democratic nominee in 1912 shall bs a man who was loyal to him last November, and who is known to hold what Mr. Bryan calls 'advanced and progressive Democratic views.'

Looking For a Candidate.

"During the next four years new men and issues are expected to make their appearance, and an entirely new political alignment may be expected within the Democratic party. At present Mr. Bryan does not look with favor upon the presidential aspirations of Governor John A. Johnson, of Minnesota, or Governor Harmon, of Ohio, although, reduced to a choice of the last two, the Nebraskan prefers the Ohio executive.

"Bryan regards Senator Elect Shively, of Indiana, as a 'progressive' Democrat; also Senator Chamberlain, of Oregon; Governor John Burke and Representative Champ Clark, of Missouri, who is to be Democratic leader of the house of representatives at Washington after March 4.

"The friends of Bryan don't yet regard Governor Shallenberger, of Nebraska, or Governor Marshall, of Indiana, as progressive,' although there is hope that their work will receive the approval of Bryan and that their names may be added to his favored class. Bryan will continue to write for his newspaper and lecture constantly for four years.

Bryan Bitterly Disappointed.

"His income ranges from $60,000 to $80,000 a year. He was badly broken up and bitterly disappointed over his defeat, for which he was unprepared. He has taken the third defeat much harder than any previous reverse in politics.

"To friends he has revealed his belief that the chief cause of the heavy vote for Taft in large cities was the defection of Catholic voters, and his friends among that persuasion are trying to argue him out of the notion."

Tuberculosis Exhibit Opened In Philadelphia Today.

Philadelphia, Feb. 15. — After attracting 567,065 visitors in New York city the tuberculosis show was moved to this city and was opened to the public today. The exhibit is designed to call forcibly to the notice of the public the dangers of consumption and the modern means of combating the disease.

In New York the exhibit was housed in the building of the American Museum of Natural History. Its Philadelphia resting place is the Robert Morris building. It is expected that at least 500,000 persons will visit the exhibit, which formed part of the recent international tuberculosis congress in Washington. It will be placed on exhibition in various parts of the country.

JACKSON'S TREE BLOWN DOWN

Famous Maple of the White House Grounds Perishes In Storm.

Washington, Feb. 15.—An historic silver-leaf maple in the White House grounds, which, tradition says, was planted by Andrew Jackson during the strenuous days of his administration, and which stood within fifteen feet of the oak planted in 1898 by President McKinley, was blown down by a heavy windstorm. The tree, hollow for some years, was the home of a pair of gray squirrels.

Dead Lawmakers Eulogized.

Washington, Feb. 15.—Three members of congress who died during the first session of the present congress were eulogized in a special session of the house of representatives Sunday. They were Senator Pinkney Whyte, of Maryland; Representative William H. Parker, of South Dakota, and Representative Abraham L. Brick, of Indiana.

Birthday Visit Ends In Murder.

Indianapolis, Feb. 15.—In a quarrel which ended a birthday visit made by J. Oliver Bradley, of Noblesville, to Indianapolis, Bradley attacked his wife with a knife, inflicting wounds which caused her death. The police believe jealousy prompted the husband's assault. Bradley was arrested.

FAMILY SCRAP BEFORE ARMY RETIRING BOARD

Colonel Tucker's Case Up Fo[r] Consideration Today.

Chicago, Feb. 15.—The meeting of the army retiring board which began in this city today will in all likelihood determine the fate of Colonel William F. Tucker, whose troubles with his wife have engaged the attention of army gossips for a long time. Colonel Tucker occupies a responsible post in the army, that of paymaster general of the department of the lakes. He is at odds with his wife, the daughter of the late General John A. Logan, who was the Republican candidate for vice president in 1884. Friends of Colonel Tucker declare that Mrs. Logan is the chief cause of his troubles and that the case is one of "too much mother-in-law."

Secretary of War Wright has given permission for Mrs. Tucker to appear with her attorney before the army retiring board. This unusual action is expected to create a sensation.

Colonel Tucker, who has been an invalid for years, is seeking retirement with the rank of colonel and the retired pay of that rank. Mrs. Logan and the colonel's wife declare his conduct has been such that he is not entitled to honorable retirement, and they are seeking his summary dismissal from the army. Charges of misconduct in the Philippines made against Colonel Tucker two years ago by his female relatives were not sustained by the army authorities, and Colonel Tucker retaliated with a suit for divorce. In October of last year Mrs. Tucker had her husband arrested in Chicago on a charge of abandonment, but the proceedings were dropped.

TAFT OFF FOR WASHINGTON

Left Cincinnati For Capitol Today. Latest Cabinet Rumors.

Cincinnati, O., Feb. 15.—After being the guest of his brother, Charles P. Taft, for twenty-four hours, President Elect Taft and his wife left for Washington today. The trip to the capitol has importance inasmuch as its primary object relates to the report of the engineers who accompanied Mr. Taft to Panama. This report is expected to be placed in his hands upon his arrival there tomorrow morning. With the engineers, he will take the document to the White House, where it will be the subject of a general conference with President Roosevelt.

GEORGE W. WICKERSHAM.

Who Will Probably Be Taft's Attorney General.

The cabinet gossip which is regarded as the most reliable, and stated with the understanding that Mr. Taft has declared he would reserve the right to deny all cabinet suggestions, is that no one has been determined upon for the treasury portfolio.

As to the other places, unconfirmed rumors, with a fair percentage of likelihood of correctness, makes the cabinet of Mr. Taft as follows:

Secretary of state—Philander Knox, of Pennsylvania.

Postmaster general—Frank Hitchcock.

Attorney general—George W. Wickersham, of New York.

Secretary of war—Luke E. Wright, of Tennessee.

Secretary of the navy—Mr. Meyer, of Massachusetts.

Secretary of the interior—Mr. Ballinger, of Washington.

Secretary of agriculture—Mr. Wilson, of Iowa.

Secretary of commerce and labor—Mr. Nagel, of Missouri.

AID ASKED FOR HELPLESS CHILDREN

Presidential Message on Dependent Little Ones.

Washington, Feb. 15. — President Roosevelt transmitted today to the two houses of congress a special message recommending legislation requested by the conference on the care of dependent children held in Washington Jan. 25 and 26.

The aim of the friends of the dependent children is the enactment of legislation providing for their care. This aim is heartily endorsed by the president. He is thoroughly in favor of bills pending in the senate and house of representatives providing such care for the dependent children in the District of Columbia and the territories, the only sections of the country for which congress may enact such laws. These bills will serve as examples for the rest of the country, it is hoped.

Before the conference at its meeting in the White House on Jan. 25 and subsequently the president expressed the greatest interest in its work. The conference, which was composed of well known philanthropists and sociologists from all parts of the United States, assembled in Washington at his invitation, and its sessions were formally opened by him in a long address.

The president gave his opinion that there could be no more important subject, from the standpoint of the nation, than the care of "the interests of those children whom cruel misfortune has handicapped at the very outset of their lives." He referred to the orphan, the crippled child, the child worker and the child temporarily parted from its parents by circumstances.

FEAR MINERS WILL STRIKE

Operators Believe Men Are Planning Aggressive Campaign.

NO WORD FROM LEWIS

President Baer, of the Reading, Says Miners' Officials Have Not Yet Asked For Conference—7,000,000 Tons of Coal Stored and Collieries Working Full Time—Operators Would Welcome Shut Down After March 31.

Philadelphia, Feb. 12.—The anthracite operators have failed to receive any communication from President Lewis, of the United Mine Workers, asking for a conference to consider the wage scale for the next three years, beginning on April 1 next, and as a result it is believed the miners are planning an aggressive campaign to have their demands granted at the cost even of a prolonged shut down of the collieries in the hard coal region.

Dispatches from Indianapolis last Monday said that President Lewis had sent a letter to President Baer, of the Reading, asking him to set a time for a conference with the operators' and miners' committees. At Mr. Baer's office it was said that no letter had been received from the miners' chief executive committee or from any person representing him. The delay has already caused much concern among the operators, for the time is so short to the expiration of the present agreement—March 31.

It is estimated officially that the six large anthracite companies have stored 7,000,000 tons of coal in anticipation of a delay in making a wage agreement. The delay in receiving the miners' demands for the next agreement has caused the companies to issue orders to store an additional 3,000,000 tons of hard coal within the next six weeks.

Collieries on Full Time.

At the general offices of the Philadelphia & Reading Coal & Iron company it was said that the collieries will be operated every day next week, notwithstanding the dullness in the coal trade on account of the open winter weather conditions.

The miners will ask the operators this year to sign a one-year agreement instead of one for three years as heretofore. They will also insist on the recognition of the union. To urge that concession the miners have appointed a committee to meet the operators, which is composed of representatives of both the anthracite and bituminous workers. They also demand the inauguration of the check-off system by which the dues of all miners belonging to the union shall be taken out of their wages before they are paid each month.

Operators declare they will welcome a general suspension for a time following March 31 so that a large part of the coal on hand can be sold at a profit. On the other hand, it is pointed out that the miners are better organized than ever before and that the treasury of the organization is better prepared for a long shut down than in several years.

GIFT TO EMPLOYES

Mrs. Cochran Leaves $1000 Each to 250 Persons.

Yonkers, N. Y., Feb. —The late Eva Smith Cochran, in her will, recently filed for probate here, left $1000 to every employe of the Smith Carpet company who has been in the company's employ twenty years or more. The number of such employes is said to be over 250.

Mrs. Cochran, who was one of the owners of the carpet works, left an estate valued at about $8,000,000.

NEW EPISCOPAL BISHOPS

The Rev. Drs. Brewster and Thomas Are Named.

New York, Feb. —Two bishops of the Protestant Episcopal church were elected at a special session in the Church Missions Home, which was attended by over sixty bishops. Rev. Benjamin Brewster was elected missionary bishop of western Colorado, and Rev. Nathaniel Seymour Thomas as missionary bishop of Wyoming.

Kansas Has Stringent Anti-Liquor Law

Topeka, Kan., Feb. —The most stringent anti-liquor measure ever seriously considered in the Kansas legislature was passed by the senate with but one dissenting vote. The measure absolutely prohibits the sale of liquor through drug stores, with the exception of the right to sell wines to the churches for communion services.

Appropriates $20,000 to Buy Painting.

Washington, Feb. —For the purchase of a painting by Victor Nehlig, representing Pocahontas saving the life of Captain John Smith, $20,000 is appropriated in a bill introduced in the house by Representative Low, of New York.

Virginia Anti-Saloon League Protests.

Norfolk, Va., Feb. —The Virginia Anti-Saloon league adopted strong resolutions of protest against certain newspapers for alleged misrepresentation of the league. Publication of liquor advertisements, especially in no-license territory, was condemned.

—William Potter, the sculptor and artist, is in Milesburg for the purpose of painting winter scenes to be placed on exhibition at the art show to be held in the near future in New York City. The winter has been so open that he has to watch his chance to secure an up-to-date scene of this character that would be worth placing along side of the works of American artists. Mr. Potter has a reputation as well as some money.

—On Friday evening a large crowd gathered to hear the entertainment that was given in the Salvation Army hall above the Centre County Bank, and all pronounced it a grand success. Every feature of the entertainment proved to be attractive and every one who attended spent a very pleasant evening. It has been requested that the entertainment be repeated and for the benefit of those who wish to see it will be given again on Thursday Feb. 26.

—On Tuesday morning an exciting runaway took place on High street when D. H. Shivery's black team hitched to their milk wagon ran away. Andrew Shivery was driving in Water street and had two children in with him. The horses became frightened and one of the lines broke. The team became unmanageable and ran in Water street until they got to the High street bridge when they collided with one of the iron bridge piers. The horses were thrown down, the tongue broke and front wheels smashed. Luckily the occupants of the wagon escaped with a few bruises. One of the horses had its leg badly cut but will recover all right. It was feared at first its leg was broken. This is the second time this team has run away.

THE ANNUAL SPRING ELECTION

A Close and Exciting Fight in Bellefonte Boro

IT WAS BADLY SPLIT UP

The Republicans get Control of Council by Electing three New Men—Democrats Elect Burgess, Tax Collector and Auditor.

GEHRET AND LOVE ARE ELECTED

When the polls closed Tuesday evening at 7 o'clock the hottest political fight ever waged at a municipal election in Bellefonte boro came to a close. We do not recall a Spring election where the candidates on both sides and for all the offices from the highest to the lowest worked as hard as they did this year, ever since the primary election. There were good clean men on both sides and it was a hard matter for the voters to decide between them. The result brought many surprises and it was a case of nip and tuck to see who would win. Especially close was the fight on Tax Collector and on Overseer of the Poor. J. K. Johnson, democrat, won out over W. C. Cassidy by only nine votes, while for Overseer of the Poor John D. Love, republican, only had a majority of one vote over Daniel Everhart his democratic opponent. Maybe that is not going some.

For Burgess John J. Bower, democrat, defeated James C. Furst, republican, carrying all three wards by small majorities.

For Borough Treasurer Ed Gehret, republican, had a walk over with his opponent, Russell Blair, who, although he made a plucky fight was outclassed by his energetic opponent.

For Borough Auditor, Charles Lukenbach, defeated his republican opponent, J. Thomas Mitchell by a large majority. This was quite a surprise to those who were not booked, as Mr. Mitchell has made an excellent borough auditor, but it was due entirely to the hustle and energetic canvass made by Mr. Lukenbach.

But the one big thing over which the Republicans have to rejoice is the fact that they have regained control of council electing their man in each ward. This was quite a victory and at the same time rather unexpected.

The result by wards is as follows:

WEST WARD.

Judge of election—Herman Miller, r, 83, A. Y. Wagner, d, 64; Inspector—Edward L. Gingher, r, 73, A. Luckenbach, d, 76; School Director—W. P. Bock in the Bock Lumber Company. They will be gone two or three months.

Stole Valuable Furs From Brother-in-law.

About a week before Christmas Morris Diamond and Philip Blumenthal, brother-in-law, arrived in Bellefonte with several trunks of furs which they offered to would-be purchasers at reasonably low prices, about one-half what the same goods would cost in New York. They succeeded in disposing of a number of skins and several fur coats, sets, etc., after which they left for New York to spend the Holidays at home.

After the holidays they loaded up their trunks and returned as far as Williamsport and thence to Clearfield where Mr. Diamond became ill and was compelled to go home. At Williamsport he turned his entire line of fure over to his brother-in-law, Blumenthal, who started out to get rid of the same as fast as possible. He took as a partner a man named Karp and the two went back to Clearfield where they were joined by a young woman from Milton by the name of Agnes Fitzpatrick. For several days the two made the fur fly in Clearfield and DuBois, managing to get rid of furs to the amount of $550.

By that time they evidently were feeling pretty rich as Blumenthal then wrote his brother-in-law in New York that he had decided to give up the fur business and had left for California. On receipt of this startling information Mr. Diamond got well almost immediately and started for Clearfield. At that place he had no difficulty getting on the track of the fugitives, as the wide swath they had cut left a fairly plain trail behind. Instead of going to California they went down the New York Central to Williamsport where they were joined by another young woman and after shipping their trunks to Harrisburg the four left for the state capital and were having an enjoyable time there when they were captured the latter part of last week. All of the $2,500 worth of furs were recovered except the $550 worth sold by the two men, most of the money having been spent in defraying the expenses of themselves and the women they had with them. When in Bellefonte in December Mr. Diamond appeared very much of a gentleman, but at that time kept a tight rein over his brother-in-law, Blumenthal.

Academy Defeats All Collegians.

The most exciting game of basket ball ever played in Bellefonte was played Tuesday night in the Y. M. C. A. gymnasium between the Academy champion five and the All Collegians of Pittsburg, the Academy winning by the score of 32-29. The first half ended 20-20. The gymnasium was crowded to its utmost capacity. The visitors numbered among their players stars from Lehigh, Lafayette, Univ. of West Va., and Pittsburg.

The Academy boys played like professionals, every single one of them proving a worthy match for his opponent. The manager of the visiting team pronounced the local boys the finest lot of school players he ever saw.

The line up.

All Collegians		Academy
Anderson	forward	Wright
Young	"	Meyers
Pierce	centre	Shields, Sleppy
Crawford	guard	McCandless Capt
Fullerton	"	Dillon Succop

Goals—Anderson 3, Young 6, Pierce 2, Fullerton 1, Wright 4, Meyers 2, Dillon 2, McCandless 2, Shields 1, Sleppy 1. Fouls—Anderson 3, Pierce 2, McCandless 8. Referee, Dr Platts. Time of halves 20 minutes.

Provides for Children.

"I give and bequeath my real estate for the use of my husband during his life, and at his death I direct that it be divided share and share alike between my children and any children that my husband may have with another wife after I am dead."

This unusual generosity of a wife toward the children of a successor in the effections of her husband is an extract from the will of Mrs. Dorthy Creveling of Scott township, Columbia county.

Mrs. Creveling died in 1877, leaving a fine farm and other valuable real estate. Her husband and three children survived her. Later Benson Creveling married, and five children were born to the second wife. The other day all eight children joined in a petition to the court, at Bloomsburg for permission to sell the real estate and divide the proceeds.

A GENEROUS ACT.

Pennsylvania Railroad Company Made No Charge for Fire Train to Millheim.

It will be remembered that only a few weeks ago our neighboring town of Millheim was threatened with destruction by fire. Bellefonte was appealed to for aid and the Logan Fire Company prepared to go to the scene of the fire. The Pennsylvania Railroad Company was asked to furnish a special train to send the fire engine and company to Millheim. Passenger Agent Harry Hutchinson immediately got into communication with headquarters and as a result permission was given to make up a train and the yard engine and the Lewisburg passenger coaches conveyed the fireman to the scene They were brought back later in the evening.

All this cost money and Millheim boro expected to pay for same. However word was received from Superintendent H. P. Lincoln, of Williamsport, to make no charge whatever for furnishing the train. This was a generous act upon the part of the railroad company and indicates that all the little towns along its line can receive such valuable assistance in time of dire need without cost to them. In fact this has been the policy of the company in the past. The thanks of the people of Millheim are due Supt. Lincoln, Agent Hutchinson and the Pennsylvania Railroad for their prompt and generous action.

Play Grounds for Western City.

Spokane, Wash., Feb, 13—Aubrey Lee White, president of the city park commission and beauty exponent, has plans to establish 27 playgrounds, one in the immediate vicinity of every public school in Shokane. In connection with these there will be showerbaths and other modern features. The commission plans to expend $1,000,000 on playground, sparks and a civic centre, with assembly halls and branch libraries. The city will have more than 2,980 acres of land before the end of the year and it is planned to develope this to rank with the foremost in the country. Most of the land was donated to the commission. The civic centre will be at the intersection of Riverside avenue and Monroe street, overlooking the Spokane falls, in the heart of the business district. The commission is also making plans for other improvements in various parts of Spokane. The city character is now being revised to give the commission jurisdition over all residential streets.

A Rainbow in February.

The first few days of the ground hog's regime in this section of the country puts the little animal in a bad ligh as a weather prophet. Last Saturday furnished an ideal sample of genuine March or early April weather. The drizzling rain which began Friday evening continued throughout the night, and the rising temperature resulted in the snow disappearing from the streets in short order. A strong west wind during the day made outdoor conditions anything but pleasant. An unusual sight for this season of the year was the appearance of a rainbow in the northwest between 9.30 and 10 o'clock Saturday morning. The bow was of good size and was of magnificent coloring. Many persons observed the phenomenon and commented on its unusual appearance in the winter time.

An Important Equity Case.

Quite an important equity case was on trial last week before Judge C. R. Savide in the Court house at this place. The suit was between the Whiterock Lime Company as plaintiffs and Coldren and Herman defendants. It seems that these men sold limestone land to the American Lime & Stone Company which the Whiterock people claimed to have an option on. In one of the cases $2500 had been paid over to the wife of Coldren by L. A. Schaeffer to be given Mr. Coldren when he returned home.

John Blanchard, of this place, and C. LaRue Munson, of Pittsburg, represented the plaintiff's and T. C. Hipple of Lock Haven and Ex-Judge Love, the defendents.

Judge Savidge who heard the case is from Sunbury and is frequently called to Bellefonte to try special cases.

Lucky Chicago University.

His benefactions to Chicago University are certain to make that institution Mr. John D. Rockefeller's finest monument. Recently Mr. Rockefeller gave an additional $1,000,000 to this great institution, which is fairly on its way to becoming the greatest in the world. That swelled the endowment fund to $15,000,000, but Mr. Rockefeller's total contributions to the university for endowment and other purposes amount to nearly $25,000,000. The institution is doing magnificent work in the cause of education, and for much of its power and success it is indebted to Mr. Rockefeller.
